z Includes \$272,124,241 railroad and public utility assessed valuations.

Includes \$255,582,500 public utility assessed valuation.

Includes \$265,000,000 Railroad and Public Utility assessed valuations.

The unusual increase in 1920 was due to the enforcement of the Constitution and statute by the State Board, which was created by the 1919 Legislature. Previously the practice had been to ignore the provision of the law and assess property throughout the State at a portion only of its value.

The State Tax Comm'r under date of Nov. 21, 1921 advised us that "there has been a very material decline in values during the last year in this State, due partly to the natural return to a normal base of values, and partly to a distinct demoralization of the markets on farm products; hence the reduction in the assessment in 1921. The assessment in 1921, especially so far as real estate is concerned, represents a very conservative value of the property."

The State tax rate (per \$1,000) for 1922 was \$3.50; for 1923 and 1924, \$3.00, and for 1925 and 1926, \$2.50.

CITIES, TAXING DISTRICTS AND TOWNS AUTHORIZED TO ISSUE WATER BONDS.—Chapter 379, Laws of 1911, approved June 24, 1911, authorizes cities, taxing districts and towns having a population of 130,000 or more, by the Federal Census of 1910 or any subsequent Federal Census, to issue not exceeding \$250,000 coupon bonds to improve the water-works system, providing such system is owned or operated by the municipality. V. 93, p. 301.

TAXATION OF MUNICIPAL BONDS.—The Attorney-General advises us under date of Nov. 22, 1921 that the Legislature in 1919 passed an Act (Chap. 114, Pub. Acts 1919) exempting bonds thereafter issued by the State from taxation by the State, county or municipality. This Act was assailed as being in conflict with the decision of the State Supreme Court in the case of Keith vs. the Funding Board in 127 Tenn. 441, "that the Legislature could not constitutionally exempt State bonds from taxation." The title of the action was Foster vs. Roberts, and it is reported in 142 Tenn., page 350. The Court, however, in the latter case held that the credit of the State was an instrumentality of government, and that it could exempt that instrumentality of government from taxation. In the case of Greenwood vs. Rickman, the Supreme Court sustained the numerous opinions of the Attorney-General to the effect that the principles in the case of Foster vs. Roberts would also apply to county, city and district bonds. The Supreme Court held that the bonds of a county, city or district, when exempt by statute, were valid, and that the Legislature had the constitutional right to so exempt the same.

Bonds of towns, cities and counties in Tennessee are specifically exempted from taxation by Chapters 6 and 8, Laws of 1920.

SAVINGS BANK INVESTMENTS.—We are informed by S. S. McConnell, Superintendent of Banks, under date of Dec. 17, 1925, "that savings banks in this State are authorized to invest their funds in public stocks and other securities at the discretion of the Board of Directors." He adds: "However, there are very few, if any savings banks in Tennessee, by which I mean banks organized purely as savings banks. There are a number of banks having that name but as a matter of fact, they are all incorporated under the statutes provided for the incorporation of State Banks and Trust Companies."

FARM LOAN BONDS AUTHORIZED FOR INVESTMENTS BY FIDUCIARY AND TRUST FUNDS.—Chapter 9, Laws of 1925, provides "That Farm Loan bonds issued under the provisions of the Act of Congress known as the 'Federal Farm Loan Act,' shall be a lawful investment for all fiduciary and trust funds, and may be accepted as security for all public deposits."

POPULATION.—The population of Tennessee has been as follows:
1920—2,337,885 1880—1,542,359 1840—829,210 1800—105,602
1910—2,184,789 1870—1,258,520 1830—681,904 1790—35,691
1900—2,020,616 1860—1,109,801 1820—422,771
1890—1,767,518 1850—1,002,717 1810—261,727

The proportion of the colored population was 26.14% in 1880, 24.57% in 1890, 23.8% in 1900, 21.7% in 1910 and 19.3% in 1920. In number blacks were 245,881 in 1850, 283,019 in 1860, 322,331 in 1870, 403,151 in 1880, 434,300 in 1890, 480,243 in 1900, 473,088 in 1910 and 451,768 in 1920

KNOXVILLE.

Knoxville is county seat of Knox County. In 1897 Knoxville, North Knoxville and West Knoxville consolidated. In 1917 the Legislature authorized the extension of corporate boundaries by annexing Park City Mt. View, Lonsdale and Oakwood V. 104, p. 1513. Commission government adopted Aug. 26 1911 V. 93, p. 607. This form of government, however, was supplanted by the city manager plan, the people deciding in favor of same at an election held on March 3 1923 (V. 116, p. 1089). City has purchased plant of Knoxville Water Co. City assumed \$639,000 bonds of water company and in addition issued \$611,000 4 1/2% bonds in payment for plant. These issues are direct obligations of the city. Of the bonds assumed \$150,000 were refunded in June 1912 by a like amount of 4 1/2%.

MEMPHIS.
Memphis is the county seat of Shelby County. Following a yellow fever epidemic in 1879 (recurrence of which the advance in the science of sanitation has, of course, rendered practically impossible) compromise bonds were issued (S. & C. Supp. Dec. 1921, p. 142). These were duly paid when they matured in 1915.

City now governed under commission form provided for in amended city charter passed by 1909 Legislature (V. 89, p. 1297), and which has been declared constitutional. V. 90 p. 387, and V. 91 p. 49.

January and July of each year, and shall bear date as of the first day of January of each and every year in which they may be issued under the provisions of this Act. In a suit brought by the State Treasurer against the Fidelity Bank of Durham the validity of this Act was tested. The decision of the State Supreme Court, handed down on April 19 1922, upheld the Act. V. 114, p. 1925.

At the 1923 Legislature session several laws authorizing the incurring of State debt were enacted. The largest single authorization was contained in Chapter 263, amendatory to the "50,000,000 Highway Bond Act" of 1921, and authorized the issuance of \$15,000,000 additional bonds in the same manner prescribed for the issuance of the original \$50,000,000. A second Act (Chapter 162) provided for the issuance of \$10,667,500 bonds, bearing no more than 5% for improving State institutions. Another law (Chapter 116) authorized an expenditure of \$10,000,000 to be financed by the issuance of bonds bearing no more than 5% interest. Another Act (Chapter 190) carrying the provision that it must be submitted to the voters in November 1924 was passed, calling for an indebtedness of \$2,500,000 to raise funds for the purpose of making loans to World War veterans for homes. The proposition was referred to the voters at the November 1924 election, and not adopted by a sufficient vote, according to a decision of Supreme Court rendered Feb. 25 1925 (V. 120, p. 1116). At the same election the voters defeated the \$5,500,000 bond issue for port terminal development, placed on ballot under the terms of an Act passed at the special session of the Legislature held this year (1924). On Nov. 2 1926 the voters approved \$2,000,000 bonds, the proceeds from which would be used to make loans to aid veterans of the late World War in obtaining homes. The proposition was submitted under authority of an Act passed by the 1925 Legislature known as "World War Veterans' Loan Act" (Chapter 155, Laws of 1925).

The Legislature of 1925 authorized additional State obligations as follows: \$20,000,000 bonds for highways, \$600,000 bonds for the Chowan River bridge, \$5,125,000 bonds for State institutions, \$5,000,000 for schools, a sufficient amount of obligations to fund the debit balance of the State prison and \$40,000 notes for equipment and supplies for the State prison. The recognized debt which had been adjusted up to December 1925 amounted to \$126,633,531.61. This excludes \$37,400 past-due bonds. All bonds are exempt from taxes; see remarks below on taxation of bonds.

Note.—Par value of Turnpike stock is \$10 per share. Statesville Air Line Railroad \$50 and all others \$100. N. O. RR. stock has a market value of over \$150 per share and A. & N. O. RR. stock, about par. The State owns a controlling interest in both railroads, the A. & N. O. RR. being operated by the Norfolk Southern System under lease and the N. O. RR. by the Southern Ry. under lease. The A. & N. O. RR. constitutes a part of the main line of the Norfolk Southern and the greater part of the N. O. RR. constitutes a part of the main line of the Southern Ry.

ASSESSED VALUATION.—Chapter 84 of the Public Laws of 1919 provides for a revaluation of all taxable properties and establishes a 100% basis of value. This accounts for the great rise in valuations in 1920. Previously property had been valued at anywhere from 25% to 80% of its value.

In the following table we give valuations for the years 1913 to 1923 incl.

Year.	Real Estate.	Personal Property.	Telephone.	Prop. of Do-estic Corps.	Grand Total.
1913.....	\$369,039,122	\$209,989,913	\$124,052,585	\$56,275,612	\$759,359,232
1914.....	356,057,134	214,741,927	123,799,309	75,815,979	800,414,349
1915.....	421,988,072	210,744,789	133,331,786	89,439,864	890,917,321

1921.....	1,515,821,920	670,397,825	207,274,086	(Not divided)	2,579,772,023
1922.....	1,665,178,622	598,610,074	250,315,852	(Not divided)	2,576,336,426
1923.....	1,749,310,001	606,531,587	233,661,277	(Not divided)	2,654,516,994

Assessed values of real and personal property for 1924 were \$2,652,045,611, and for 1925, \$2,700,151,436.

x Includes also value on street railway and other corporations exercising right of eminent domain.

We include in these grand totals bank and building and loan stocks and corporation excess not tabulated. The valuation of these properties for a series of years was as follows: Bank and building and loan stock: 1913, \$24,117,779; 1914, \$22,675,834; 1915, \$23,487,214; 1916, \$22,976,229; 1917, \$23,733,294; 1918, \$25,213,132; 1919, \$16,504,507; 1920, \$24,031,456; 1921, \$40,734,628; 1922, \$27,235,310; 1923, \$29,010,363. Corporation excess: 1913, \$10,444,157; 1914, \$14,582,601; 1915, \$11,925,596; 1916, \$9,457,550; 1917, \$17,130,649; 1918, \$29,192,595; 1919, \$22,922,266; 1920, \$49,140,854; 1921, \$36,169,506; 1922, \$35,012,294; 1923, \$38,824,475.

LEGISLATURE meets biennially in odd years on the Wednesday after the first Monday in January, and there is no limit to length of sessions, but if sessions are continued longer than 60 days members "shall serve without compensation."

STATE DEBT.—The old debt, excepting such as is not recognized, has mostly been funded under the Funding Act (Chapter 98) of 1879. This Act was re-enacted year after year until it finally expired on July 1 1910. These laws provide for the issuance of (1) consol. 4% bonds due in 1910 (now replaced by refund. bonds due in 1950) to fund old ante-war bonds at 40% of face value; (2) new railroad bonds recognized as valid at 25% and bonds of 1866 and 1868 at 15%, nothing being given for overdue coupons; and (3) for new consol. 6% bonds (which fell due in 1919), for which the North Carolina RR. construction bonds were made exchangeable at par, holders of construction bonds abating \$240 of overdue interest on each \$1,000 bond. The Legislature of 1913 passed an Act authorizing the State Treasurer to pay cash instead of issuing bonds to take up the small remnant of "compromise bonds" that had not yet been funded under the provisions of Chapter 98 of the Laws of 1879. The Act of 1913 was given in full in V. 98, p. 1676.

In compliance with a decision of the United States Supreme Court handed down Feb. 1 1904 North Carolina on April 1 1905 paid to the State of South Dakota \$27,400, representing the judgment obtained by the latter State on \$10,000 bonds (donated to the State of South Dakota for the express purpose of bringing suit, an individual not being able to sue a State) issued by North Carolina and secured by 100 shares of stock of the North Carolina RR. Co. and the holders of which had refused to accept the provisions of the funding law of 1879. See V. 78, p. 594; V. 79, p. 1728; V. 80, p. 1382; and also editorials on the subject V. 78, p. 1248; V. 80, p. 1332. The State also settled with the remaining holders of this particular class of unfunded bonds, issuing the \$250,000 bonds of 1905 mentioned below to provide means of payment.

A committee of bondholders has been endeavoring to enforce payment of the special tax bonds of this State. V. 85, p. 1100. A committee of bondholders also offered to donate to the State of New York a large amount of these bonds for the purpose of bringing suit, but the offer was declined V. 86, p. 121. A similar offer was made to the State of Rhode Island, but was rejected. V. 90, p. 249. Offers to the States of Michigan (V. 92, p. 610) and Nevada (V. 92, p. 477) were also refused. The Republic of Cuba brought suit in the U. S. Supreme Court to force payment of \$985,000 of these bonds, which were donated to it, but this suit was subsequently withdrawn. See "Chronicle" of Jan. 13 1917, page 178.

An amendment to the State Constitution passed by the Legislature in 1879 and ratified by popular vote in 1880 forbids the General Assembly to pay or recognize as valid the following bonds: Special tax bonds, \$11,366,000; bonds to Chatham RR., 1868 \$1,030,000, and to Williamston & Tarboro RR., 1850, 1860, 1868 \$44,000, "unless the same shall have first been submitted to the people and by them ratified by the vote of a majority of all the qualified voters of the State at a regular election held for the purpose." The special tax bonds were in three classes, class 1 bearing the coupon of April 1869 and since; class 2 bearing the coupon of Oct. 1869; class 3 bearing the coupon of April 1870.

A law of 1917 authorizing semi-annual issues of State bonds for highways was declared unconstitutional in part on Sept. 26 1917. The law was amended in 1919 by striking out the provisions which had been held to be unconstitutional. (Public Laws 1919, Chap. 115.) The 1921 Legislature passed an Act (Chapter 2, Public Laws 1921) authorizing the State Treasurer to issue \$50,000,000 "State of North Carolina Highway Serial Bonds." The interest rate is limited to 5%. Section 43 of the Act exempts the bonds and coupons, and notes issued in anticipation of the sale of the bonds, from all State, county and municipal taxation, direct or indirect. Another Act passed in 1921 provides that, for the purpose of providing "a Special Building Fund" to be loaned to the county boards of education, the Treasurer is authorized and directed to issue bonds of the State of North Carolina to an amount not to exceed \$5,000,000. These bonds shall bear interest at a rate not to exceed 5% per annum, payable semi-annually on the first days of

Valuations in previous years were:

TAX RATES.—The State tax on property is limited by the Constitution to 5c. per \$100 value of property, and the State income tax is limited to 6% of net incomes (Const., Art. V., sections 3 and 6). Taxes for the payment of State debts are subject to these limitations. Since 1920 no State tax has been levied on property. Poll taxes can be used only for the purpose of education and the support of the poor (Const., Art. V, sec. 2).

DEBT LIMITATION.—The State Constitution contains the following regarding public indebtedness.

Article 2, Section 30.—*Irrevocability of Sinking Funds.*—The General Assembly shall not use or authorize to be used any part of the amount of any sinking fund for any purpose other than the retirement of the bonds for which said sinking fund has been created.

Article 5, Section 4.—*Restrictions Upon the Increase of the Public Debt Except in Certain Contingencies.*—Except for refunding of valid bonded debt, and except to supply a casual deficit, or for suppressing insurrections or rebellions, the General Assembly shall have no power to contract any new debt or pecuniary obligation in behalf of the State to an amount exceeding in the aggregate, including the then existing debt recognized by the State, and deducting sinking funds then on hand, and the par value of the stock in the Carolina RR. Co. and the Atlantic & North Carolina RR. Co. owned by the State, 7½% of the assessed valuation of taxable property within the State as last fixed for taxation. And the General Assembly shall have no power to give or lend the credit of the State in aid of any person, association, or corporation, except to aid in the completion of such railroads as may be unfinished at the time of the adoption of this constitution, or in which the State has a direct pecuniary interest, unless the subject be submitted to a direct vote of the people of the State, and be approved by a majority of those who shall vote thereon.

Article 5, Section 6.—*Taxes Levied for Counties.*—The total of the State and county tax on property shall not exceed fifteen cents on the one hundred dollars value of property, except when the county property tax is levied for a special purpose and with the special approval of the General Assembly, which may be done by special or general Act; Provided, this limitation shall not apply to taxes levied for the maintenance of the public schools of the State for the term required by article 9, section 3, of the Constitution; Provided further, the State tax shall not exceed five cents on the one hundred dollars value of property.

Article 7, Section 7.—*Counties, Cities, Towns, &c.*—No county, city, town or other municipal corporation shall contract any debt, pledge its faith or loan its credit, nor shall any tax be levied or collected by any officers of the same except for the necessary expenses thereof, unless by a vote of the majority of the qualified voters therein.

Article 7, Section 13.—No county, city, town or other municipal corporation shall assume to pay, nor shall any tax be levied or collected for the payment of, any debt, or the interest upon any debt, contracted directly or indirectly in aid or support of the rebellion.

Article 8, Section 4.—It shall be the duty of the Legislature to provide by general laws for the organization of cities, towns, and incorporated villages, and to restrict their power of taxation, assessment, borrowing money, contracting debts, and loaning their credit, so as to prevent abuses in assessment and in contracting debts, by such municipal corporations. (Words in italics added by amendment of 1916.)

In compliance with a constitutional amendment adopted in 1916, the Legislature of 1917 passed a general law known as the Municipal Finance Act (now constituting Sub-Chapter III, Chapter 56, Consolidated Statutes, as amended and re-enacted by Chapter 106, Public Laws of 1921 extra session), which authorizes and regulates the issuance of all bonds and notes of all cities and towns (but not counties, townships, &c.), and supersedes all previous laws on the same subjects, except local or private Acts passed in 1921. The Act is similar to the Pierson Bond Act of New Jersey, but of broader scope, covering the subjects of appropriations, expenditures, contracts and all temporary loans, as well as long-term bonds. The Act contains the following provisions in regard to loans:

POWER TO ISSUE BONDS AND NOTES.—Power is given to issue bonds for (1) any purpose for which the municipality may raise or appropriate money, except for current expenses; and (2) also for funding any or refunding any indebtedness incurred before Dec. 5 1921, except serial bonds maturing as provided in the Municipal Finance Act. Power is also given to borrow money by notes in anticipation of current revenues, or in anticipation of the sale of bonds that have been authorized.

TERM OF BONDS AND NOTES.—Tax anticipation loans (including renewals thereof) must be paid not later than Oct. 10 in the next succeeding fiscal year after they are made. Temporary loans (including renewals) predicated upon bonds must be paid within three years after the ordinance authorizing the bonds took effect. Bonds must mature (a) within the probable life of the improvement or property for which they are issued, to be determined by the governing body, but not to be deemed longer than the maximum period specified in the Act for such an improvement or property (a period ranging from 5 to 50 years); or (b) if issued to fund floating debt incurred before Dec. 5 1921, either 15 years or the unexpired life of the improvement or property for which such floating debt was incurred; or (c) if issued to refund bonds outstanding on March 7 1917, 30, 40 or 50 years, depending on the amount of all indebtedness of the municipality; or (d) if issued for more than one such purpose, within the average of the periods assigned to the several purposes, taking into consideration the amount of bonds for each purpose.

SERIAL BONDS.—All bonds must mature in annual installments beginning not more than three years after the date of the bonds, and no installment can be more than 2½ times as great in amount as the smallest prior installment.

SALE OF BONDS.—Bonds must be sold at not less than par, and, unless the sale is made within thirty days after a public sale at which no legally acceptable bid was received, they must be sold at public sale. Temporary notes may be disposed of privately and at a discount, but not on an interest basis of more than 6% per annum.

DEBT LIMIT.—The amount of all debt other than bonds is limited (1) by prohibitions against incurring any new debt unless an amount sufficient to pay it has been previously appropriated for the purpose for which the debt is to be incurred, and the appropriation is to be met by means of funds on hand, revenues of the current year, or bonds authorized but unissued, and (2) by a requirement that deficits of one year shall be provided for in the budget and appropriation ordinance of the next succeeding year. The amount of bonds is limited by a prohibition against passing a bond ordinance unless (1) it appears from a sworn debt statement filed before the passage of the ordinance that the net bonded debt outstanding or authorized or about to be authorized, plus any outstanding floating debt incurred before Dec. 6 1921, does not exceed 8% of the assessed valuation of property as last fixed for municipal taxation, or unless (2) the proposed bond issue is for water, gas, electric light or power purposes, or funding or refunding debt outstanding. In computing net debt subject to the 8% limit, the following items are to be deducted, viz.: (a) unissued bonds for funding or refunding debt outstanding (b) sinking funds or other funds held for the payment of bonds not deducted; (c) uncollected special assessments levied or to be levied, and (d) bonds in circulation in the gross debt and incurred for water, gas, electric light or power purposes.

PROCEDURE.—Permanent bonds must be authorized by an ordinance, which takes effect immediately upon its passage, or after it has been approved at an election, or after the voters have had an opportunity to demand its submission at an election—depending on the purpose of the bond issue.

VALIDATION OF BONDS.—The Act limits the time for bringing suits attacking a bond ordinance to a date 30 days after the first publication of the ordinance. It is further provided that bonds reciting that they are issued under the Act shall be incontestible.

UNLIMITED TAX TO PAY BONDS.—The Act authorizes all cities and towns to levy sufficient taxes to pay the principal and interest of all bonds heretofore or hereafter issued, without regard to any tax limit.

COUNTY BONDS.—County bonds are usually issued under special laws, but there are several general laws authorizing counties to issue bonds for particular purposes such as roads and bridges (Consolidated Statutes, Sections 3767 et seq.) and court houses and jails (Public Laws 1923, Chapter

143). The bonded debt of counties is limited by a general Act of Aug. 26 1920 to 5% of the assessed valuation. (Public Laws 1920, Chapter 3, Section 6).

REGISTRATION OF BONDS.—Chapter 129 of the Public Laws of 1925 requires bonds of all political subdivisions to be registered in the State Auditor's office before they are issued.

SCHOOL BONDS.—The public school laws were amended and codified by Chapter 136, Laws of 1923. Section 264 of that Act provides that no bonds shall be issued by any district which, including existing indebtedness, shall exceed 5% of the assessed valuation of taxable property. The law continues, "and no school indebtedness of any kind or nature shall be created or assumed by a county under this Act, including all school indebtedness of such county and the aggregate amount of all school indebtedness of the districts within such county, in excess of five per cent (5%) of the assessed valuation of taxable property within such county." In computing the amount of indebtedness under the district or the county limitations hereinabove fixed, school indebtedness of cities and towns lying within a school district or within a county shall be included as if the same were a school district indebtedness; but there shall not be included any indebtedness of a district, city, town or county payable from current revenues, and school bonds issued under the provisions of this Act shall not be subject to any debt limitations by any other Act."

No school bonds may be sold at less than par.

TAXATION OF STATE AND MUNICIPAL BONDS.—We were advised Jan. 16 1912 by the Attorney-General that each and every Act authorizing the issue of State bonds provides that they shall be exempt from taxation. The Legislature declines to make such exemption in favor of county and city bonds, and it is thought probable that, under the constitution, they cannot do so.

SAVINGS BANK INVESTMENTS.—The State of North Carolina does not provide any special regulations whereby the deposits of savings banks doing business in that State shall be invested.

INVESTMENT OF TRUST FUNDS.—Sec. 1792, Statutes of 1908.—*Funds Invested by Fiduciaries.*—Guardians, trustees and others acting in a fiduciary capacity, having surplus funds of their wards and *cestui que trust* to loan, may invest in United States bonds, or any securities for which the United States are responsible, or in consolidated bonds of the State of North Carolina, and in settlements by guardians, trustees and others acting in a fiduciary capacity, such bonds or other security of the United States, and such bonds of the State of North Carolina, shall be deemed cash to the amount actually paid for the same, including the premium, if any, paid for such bonds or other securities, and may be paid as such by the transfer thereof to the persons entitled

DEBT LIMITATION.—State.—The State Constitution of 1895 imposed several checks on the creation of debt by the State, all of which may be found in Article X of that instrument. Briefly, they may be described as follows:

Section 6 prohibits the lending or pledging of the State's credit for the benefit of any individual, company, association or corporation, &c., and recites the provisions under which the Legislature may authorize counties and townships to issue bonds and levy taxes. This section was amended in November 1910 so as to allow townships in Greenwood and Saluda Counties to issue bonds in aid of the Greenwood & Saluda RR., but not to exceed 8% of the assessed valuation of property, and now reads: "The credit of the State shall not be pledged or loaned for the benefit of any individual, company, association or corporation; and the State shall not become a joint owner or stockholder in any company, association or corporation. The General Assembly shall not have power to authorize any county or township to levy a tax or issue bonds for any purpose except for educational purposes, to build and repair public roads, buildings and bridges, to maintain and support prisoners, pay jurors, county officers, and for litigation, quarantine and court expenses, and for ordinary county purposes, to support paupers, and pay past indebtedness. Provided, That the limitation imposed by this section shall not apply to any township in the County of Greenwood, nor to any township in the County of Saluda, through which, in whole or in part, the line of railroad of Greenwood & Saluda Railroad shall be located and constructed, nor to the County of Saluda, such said townships in Greenwood County and Saluda County and the County of Saluda being hereby expressly authorized to vote bonds in aid of the construction of the said proposed railroad, under such restrictions and limitations as the General Assembly may prescribe hereinafter; Provided, That the amount of such bonds shall not exceed eight per centum of the assessed valuation of the taxable property of such townships."

Section 7 provides that no scrip, certificate or other evidence of State indebtedness shall be issued except for the redemption of stock, bonds or other evidence of indebtedness previously issued, or for such debts as are expressly authorized by this constitution. Section 11 forbids the General Assembly to create any further debt or obligation, either by the loan of the credit of the State, by guaranty, endorsement or otherwise, except for the ordinary and current business of the State, without first submitting the question to the qualified voters of the State at a general State election two thirds vote necessary to authorize.

Counties, Cities, &c.—The constitutional limitations as to the indebtedness of counties, municipalities, &c., are covered by Section 7 of Article VIII and Section 5 of Article X of the State constitution of 1895. These provide that the bonded debt of any county, township, school district, municipal corporation or political division or sub-division of the State shall never exceed 8% of the assessed value of all the taxable property therein; and no such debt can be created in any city or town without submitting the question to the qualified electors. It is also provided that a sinking fund shall be established to redeem bonds at maturity. These sections have been amended from time to time so as to exempt from the 8% limit bonds issued by certain cities for water, sewer and lighting purposes. The exemption was made general in 1910 by the adoption of an amendment to Section 5 whereby such bonds are exempted when issued by any municipal corporation.

Provision is made in Section 5 of Article X that, "wherever there shall be several political divisions, or municipal corporations covering or extending over the territory or portions thereof, possessing a power to levy a tax or contract a debt, then each of such political divisions or municipal corporations shall so exercise its power to increase its debt under the foregoing 8% limitation that the aggregate debt over and upon any territory of this State shall never exceed 15% of the value of all taxable property in such territory as valued for taxation by the State. Provided that nothing herein shall prevent the issue of bonds for the purpose of paying or refunding any valid municipal debt heretofore contracted in excess of 8% of the assessed value of all the taxable property therein."

The following municipalities, through amendments either to Section 7 of Article VIII or to Section 5 of Article X, or both, have also been authorized to exceed the 8% limit for certain specified purposes (other than water, sewer and lighting): Aiken, Anderson, Bennettsville, Bishopville, Camden, Charleston School District, Cheraw, Chester, Clinton, Darlington, Edgewater, Florence, Kershaw County School District No. 1, McCormick, Orangeburg, Rock Hill, St. Matthews, Sumter, Yorkville School District, Due West School District No. 38, Cherokee County School District No. 10, Florence City School District, Beaufort, Union, Georgetown, and Spartanburg.

Further exceptions to the 8% limitation include Laurens County School District No. 11 and Hunter School District No. 5 of Laurens County, each of which is empowered to issue bonds up to 12% of its assessed valuation. The limit for all school districts in Fairfield County is placed at 15%. These provisions are contained in Section 2606, Code of 1922, as amended in 1923. The 15% limitation is exceeded in the case of Florence City School District, the limit in that district being 20%.

In 1920 Sections 5 and 6 of Article X were amended so as to allow Christ Church Township to issue \$150,000 railroad bonds (V. 115, p. 2291).

Legislative provision has been made providing that bonds may not be sold at less than par.

STATE MAY ISSUE NOTES IN ANTICIPATION OF REVENUE.—

Act No. 142, Laws of 1925, provides as follows:

In anticipation of the receipt of the taxes and other income and revenue of the State for any fiscal year, applicable to the payment of the expenses of the ordinary and current business of the State, for such fiscal year, the Governor, State Treasurer and Comptroller-General are hereby empowered to borrow on the credit of the State, at a rate of interest not exceeding the legal rate so much money as they may deem necessary to meet the appropriations made by law for the ordinary and current business of the State for such fiscal year, or to repay any money borrowed for said purpose, with interest thereon, and are also hereby empowered to issue notes or other obligations of the State for the money so borrowed; Provided, That the total amount of indebtedness at any one time outstanding incurred under this section to meet the appropriations made for any fiscal year, shall not exceed the total amount of said appropriations nor the total amount of the taxes and other income and revenue of the State for said fiscal year, collected or to be collected, as estimated by the State Treasurer, and such indebtedness shall be made payable not later than the next succeeding fiscal year.

\$10,000,000 BOND ISSUE DEFEATED.—On Nov. 4 1924 a \$10,000,000 bond issue for the purpose of a building and improvement program for the benefit of the educational, charitable and penal institutions was voted upon and defeated (V. 119, p. 2133).

DRAINAGE DISTRICT BONDS.—Drainage Commissioners, under Section 3183, Civil Code of 1922, may issue bonds for levee or drainage work, to be met by future collections of assessments. The bonds may bear interest at a rate not in excess of 6% and must mature in not less than ten years nor more than twenty-five years.

In Section 3250, Civil Code of 1922, it is provided that a drainage district may issue bonds in an amount not to exceed 90% of the total assessment against the property benefited. These bonds may bear no more than 6% interest, must mature within 30 years, and may not be sold at less than 95%.

TAX EXEMPTION OF STATE AND MUNICIPAL BONDS.—Under the terms of Section 294, Code of 1912, as amended by the Laws of 1919 (p. 136) bonds of the State of South Carolina are exempt from taxation. A law passed in 1912 exempts from taxation bonds of cities, counties and school districts issued after Feb. 21 1912. Prior to the enactment of this

law, school district bonds issued after March 11 1908 under authority of the voters, were free from tax. All these provisions may be found in Section 342, Civil Code of 1922.

DRAINAGE LAW CONSTITUTIONAL.—State Supreme Court on Feb. 28 1916 rendered a decision declaring the drainage law of 1912 constitutional. See "Chronicle" of Mar. 4, 1916, page 906.

INVESTMENT OF TRUST FUNDS AND SAVINGS BANK DEPOSITS.—Sec. 3969, Civil Code of 1922, referring to the powers of incorporated banks, provides, "Such corporations shall have power to invest, from time to time, such part of their capital, not exceeding (with the amount of stock any such bank may hold) one-half of the amount originally subscribed to such bank, in the stock of this State or of the United States."

Chapter 31 of the Laws of 1919 (now Sec. 5461, Civil Code of 1922), making Federal Farm Loan bonds legal investments for savings banks, trustees, &c., reads:

"That any savings bank, banking institution, trust company or insurance company, organized under the laws of this State, and any Judge of Probate or person acting as executor, administrator, guardian or trustee, unless it is otherwise provided in the instrument creating the trust, may invest in, or lend money on, the security of Federal Farm Loan bonds issued by any Federal Land bank or Joint Land bank organized pursuant to an Act of Congress entitled "An Act to provide capital for agricultural development, create standard forms of investment, based upon farm mortgage, to equalize rates of interest upon farm loans, to furnish a market for United States bonds, to create Government depositories and financial agents for the United States, and for other purposes," approved July 17 1916; Provided, That any savings bank, banking institution, trust company or insurance company, organized under the laws of this State, or any Judge of Probate or person acting as executor, administrator, guardian or trustee, shall not account for a greater rate of interest than the amount actually received on said investment."

Section 5462 of the 1922 Civil Code provides that "Any guardian, committee, trustee, executor, administrator or other person or corporation chargeable with interest on funds in hand belonging to either ward or other person or corporation be, and he or it or they are hereby, authorized and empowered to invest same in bonds of the State of South Carolina, or some political division thereof, or in bonds of the United States, or to deposit same in some savings bank, such investment or deposit, however, to be first approved by the court having jurisdiction of such fund, and in his account he shall not be chargeable at a greater rate of interest than such fund so earns."

POPULATION OF STATE.—

1920	1,683,724	1870	705,606	1820	502,741
1910	1,515,400	1860	703,708	1810	415,115
1900	1,340,316	1850	668,507	1800	345,591
1890	1,151,149	1840	594,398	1790	249,073
1880	995,577	1830	581,185		

The proportion of the colored population was 60.70% in 1880, 60.16% in 1890, 58.4% in 1900, 55.2% in 1910 and 51.3% in 1920. In number, blacks were 393,944 in 1850, 412,320 in 1860, 415,814 in 1870, 604,332 in 1880, 692,503 in 1890, 782,321 in 1900, 835,843 in 1910 and 864,719 in 1920.

BONDED DEBT.....		(?)	

STATE PROPERTY.—The State owns the Western & Atlantic R. R., extending from Atlanta, Ga. to Chattanooga, Tenn., 138 miles, and has leased it for 50 years from December 27 1919 to the Nashville Chattanooga & St. Louis R.R. Co. at a rental of \$540,000 per annum and payment of all taxes, which, under the former lease, they were not required to pay. Also owns two pieces of property in the heart of Chattanooga formerly included as part of the Western & Atlantic R.R. lease, but now leased independently for 50 years at an average rental of \$12,000 per annum. It also holds 186 shares of the Georgia R.R. & Banking Co. and 440 shares of the Southern & Atlantic Telegraph Co.

CONSTITUTIONAL AMENDMENT—LIMITING TAX LEVY.—An amendment to the constitution was adopted Oct. 5, 1904 limiting the State tax levy in any one year to 5 mills on the dollar, except for the purpose of repelling invasion, &c. See V. 79, p. 746.

DEBT LIMITATION.—Section 3. No debt shall be contracted by or on behalf of the State except to supply such temporary deficit as may exist in the Treasury in any year from necessary delay in collecting the taxes of that year, to repel invasion, suppress insurrection and defend the State in time of war, or to pay the existing public debt; but the debt created to supply deficiencies in revenue shall not exceed, in the aggregate, five hundred thousand dollars (amount raised by constitutional amendment in Oct. 1912 from \$200,000 to \$500,000) and any loan made for this purpose shall be repaid out of the taxes levied for the year in which the loan is made.

The 1921 Legislature passed an Act authorizing the Governor to set apart the rental of the Western & Atlantic R.R., for limited periods, as a special fund, against which the Governor is authorized to draw and discount warrants and to place the proceeds in the treasury for the purpose of meeting the State's obligations. In a test suit, the constitutionality of this law was upheld by the State Supreme Court on Dec. 3 1921. (V. 113, p. 252.)

COUNTIES, CITIES, &c.—The State Constitution of 1877, Article VII, Section VII, Paragraph 1, limits the indebtedness of counties and cities to 7% of the assessed valuation. Amendments were made to Paragraph 1 in 1920 and 1924 by which additional indebtedness is allowed in certain cases in excess of the 7% limit. The amendment in 1920 empowers cities having a population of 150,000 or more to issue street improvement bonds without regard to the amount of other outstanding debts or bonds of the issuing municipality. In 1924 Paragraph 1 was amended so as to allow the cities of Savannah and Brunswick to incur additional indebtedness for certain specified purposes. The city of Brunswick's limit is now placed at 14%. Paragraph 1 now reads:

Paragraph 1. "The debt hereafter incurred by any county, municipal corporation or political division of this State, except as in this Constitution provided for, shall not exceed seven per centum of the assessed value of all taxable property therein, and no such county, municipality or division shall incur any new debt, except for a temporary loan or loans to supply casual deficiencies of revenue, not exceeding one-fifth of one per centum of the assessed value of taxable property therein, without the assent of two-thirds of the qualified voters thereof voting at an election for that purpose to be held as prescribed by law: Provided, said two-thirds so voting shall be a majority of the registered voters and provided further that all laws, charter provisions and ordinances heretofore passed or enacted providing special registration of the voters of counties, municipal corporations and other political divisions of this State to pass upon the issuance of bonds by such counties, municipal corporations and other political divisions are hereby declared to be null and void; and the General Assembly shall hereafter have no power to pass or enact any law providing for such special registration, but the validity of any and all bond issues by such counties, municipal corporations or other political divisions made prior to Jan. 1 1918 shall not be affected hereby, but any city the debt of which does not exceed seven per centum of the assessed value of the taxable property at the time of the adoption of this Constitution may be authorized by law to increase at any time the amount of said debt three per centum upon such assessed valuation, except that the City Council of Augusta, from time to time, as necessary, for the purpose of protection against floods, may incur a bonded indebtedness upon its power producing canal and municipal water works in addition to the debts hereinbefore in this paragraph allowed to be incurred to an amount in the aggregate not exceeding fifty per centum of the combined value of such properties, the valuation of such properties to be fixed as may be prescribed by law, but said valuation not to exceed a figure five per cent on which shall represent the net revenue per annum produced by the two such properties together at the time of said valuation, and such indebtedness not to be incurred except with the assent of two-thirds of the qualified voters of such city at an election or elections for that purpose to be held as may be now, or may be hereafter, prescribed by law for the incurring of new debts by said City Council of Augusta, except that the city of West Point, from time to time, as may be necessary for the purpose of protection against floods, may incur a bonded indebtedness in addition to and separate from the amount of debts hereinbefore in this paragraph allowed to be incurred to an amount in the aggregate not exceeding the sum of seven hundred and fifty thousand dollars and such indebtedness not to be incurred except with the assent of two-thirds of the qualified voters of such city at an election or elections to be held as may be now or may be hereafter prescribed by law for the incurring of new debts by said city of West Point: Provided, any municipality having a population of 150,000 or more can issue and sell "street improvement bonds" without the said assent of two-thirds of the qualified voters at an election called thereon, but upon a two-thirds vote of the members of its governing body, with these limitations: First, the term of such bonds shall in no case exceed ten years. Second, the amount of each issue shall be limited to the amount assessed by such municipality upon each improvement. Third, these bonds shall be issued only for the grading and paving or repaving of streets or portion of streets. Fourth, the interest thereon shall not exceed six per centum per annum. Fifth, these bonds can be issued without regard to the amount of other outstanding debts or bonds of said municipality. Sixth, these bonds not to be issued except in case such pavement or repavement has been petitioned for in writing by the owners of more than fifty per cent of the property abutting on the street or portion of street paved or repaved, and except that Mayor and Aldermen of the city of Savannah, for the purpose of acquiring and for improving a site or sites on Savannah River in Chatham County, for publicly owned, operated and managed terminals, and for the purpose of creating ways of ingress thereto and egress therefrom, may incur a bonded indebtedness in addition to the debts hereinbefore in this paragraph allowed to be incurred, to an amount in the aggregate not exceeding three million dollars (\$3,000,000). The Mayor and Aldermen of the city of Savannah shall be empowered to take charge of and administer municipally owned terminals of the Port of Savannah and is hereby authorized to create, construct and operate new terminal, storage, handling and transportation facilities of the Port of Savannah and to that end shall have the right to condemn in accordance with law or otherwise acquire any property necessary for said purposes, and may incur a bonded indebtedness in addition to the debts hereinbefore in this paragraph allowed to be incurred, to pay for same by issuing mortgage or mortgages and/or bond or bonds against the real estate and improvements thereon and against such facilities; such mortgage or mortgages, and/or bond or bonds and all interest thereon are to be paid out of the net receipts of said terminal, storage, handling and transportation facilities after the payment of maintenance and operating expenses. The authority granted hereby shall be a continuing authority and the first creation or establishment of terminal, storage, handling and transportation facilities shall not exhaust the power of said Mayor and Aldermen of the city of Savannah. Bonds issued under this authorization shall be preference out of the net receipts of the terminal, storage, handling or transportation facility acquired, and/or created therewith after the payment of maintenance and operating expenses, and so far as such net receipts may be insufficient, then out of the entire receipts and revenues of said municipally owned, operated and administered Port of Savannah after the payment of maintenance and operating expenses, and prior bonded obligations: Provided, that each issue of bonds under said authority shall be subordinate to previous issues thereunder. The Mayor and Aldermen of the city of Savannah shall have power to regulate the commerce and traffic of the harbor of Savannah in such manner as may in its judgment be best for its maintenance and development. And the foregoing amendments to the Constitution shall be self-executing and operative and the Mayor and Aldermen of the city of Savannah may by ordinance or otherwise carry the same into effect. The General Assembly may confer further and additional authority upon the Mayor and Aldermen of the city of Savannah touching the disposition and control of said terminals and harbors not inconsistent herewith. And except that the city of Brunswick, in addition to the indebtedness which it may incur under the preceding provisions of this paragraph, is hereby authorized to incur from time to time an indebtedness up to but not exceeding seven per centum of the assessed value of all taxable property therein (making a maximum indebtedness which said city may incur of fourteen per centum of such assessed values), when authorized by the assent of two-thirds of the qualified voters of such city as above provided for obtaining such authority; provided that such additional indebtedness can only be used for acquiring,

constructing, improving and operating municipal port terminal facilities in said city, including lands, waterways, wharves, warehouses, water crafts, used in connection therewith, and all other proper equipment and appurtenances, but not limiting by the foregoing the generality of the words "municipal port terminal facilities." The General Assembly may at any time authorize said city to donate any port terminal facilities owned by it to the State of Georgia, with or without conditions."

Paragraph 2 of the same article and section is as follows: Paragraph 2 "County and city bonds, how paid. Any county, municipal corporation or political division of this State which shall incur any bonded indebtedness under the provisions of this constitution shall, at or before the time of so doing, provide for the assessment and collection of an annual tax sufficient in amount to pay the principal and interest of said debt within thirty years from the date of the incurring of said indebtedness."

MUNICIPAL BOND ISSUES.—In December 1897 a very important law governing issues of bonds by counties, municipalities and other civic divisions in Georgia was passed. This law provides for having the Superior Court determine the validity of proposed bond issues, and judgment in the affirmative having been given the bonds thereafter can never be called in question. See "Chronicle" of Jan. 15 1898. The constitutionality of this Act was upheld by the State Supreme Court in an opinion handed down on Dec. 1 1908 regarding a suit brought to restrain the issuance of certain bonds by the City of Albany, Ga. See V. 88, p. 319. Also see editorial in "State and City Supplement" of May 29 1909.

BONDS TAX FREE.—The State Supreme Court on Aug. 9 1907 handed down a decision holding that bonds issued by any municipal corporation within the State of Georgia are not taxable by that State or any County thereof. V. 85, p. 676.

INVESTMENTS OF TRUST FUNDS.—The following sections of the Code of 1911 relate to this subject:

SEC. 3763.—*Investments.*—Any trustee holding trust funds may invest the same in stocks, bonds, or other securities issued by this State, making a true return of the price paid and time of purchase. Such investments shall be free from taxation so long as held for the trust estate. Any other investments of trust funds must be made under an order of the Superior Court, either in term or granted by the Judge in vacation, or else at the risk of the trustee.

SEC. 3764.—*May Invest in State Securities at Less Than Seven Per Cent.*—Executors, administrators, guardians and trustees may invest trust funds in stocks, bonds and other securities issued by this State, bearing a lower rate of interest than seven per cent per annum, and shall, in the settlement of their accounts on the funds so invested, be chargeable with no greater interest than received from the State; Provided, that such executor, administrator, guardian or trustee shall, within thirty days after such investment, make a return to the Ordinary of the amount and character of the bonds purchased and the price paid.

SEC. 3765.—*Investments in Validated County or Municipal Bonds.*—Executors, administrators, guardians and trustees are authorized to invest trust funds in any county or municipal bonds of this State, which have been validated as required by law for the validation of county and municipal bonds, upon the same terms and conditions as they are now authorized to invest trust funds in State bonds and securities.

SEC. 4011.—*Investments by Administrators.*—When from any cause an administrator is compelled to hold the funds of the estate in his hands, he is authorized to invest the same in stocks, bonds or other securities issued by this State, or (by leave of the Ordinary) in bonds issued by the proper authorities of the cities of Savannah and Augusta. In such case he shall, within twelve months thereafter, make a legal return thereof, in which he shall set forth the price paid, the time of the purchase, and the name of the seller. If any executor or trustee has in his hands money as the separate estate of a married woman, absolutely or for life, he may, under the direction of the Superior Court, invest such funds in land.

POPULATION.—The population of Georgia has been as follows:

1920	2,895,832	1870	1,184,109	1820	340,985
1910	2,609,121	1860	1,057,286	1810	252,433
1900	2,216,331	1850	906,185	1800	162,686
1890	1,837,353	1840	691,392	1790	82,548
1880	1,542,180	1830	516,823		

The proportion of the colored population was 47.02% in 1880, 46.8% in 1890, 46.7% in 1900, 45.1% in 1910 and 41.6% in 1920. In number, blacks were 384,613 in 1850; 465,698 in 1860; 545,142 in 1870; 725,133 in 1880; 858,815 in 1890; 1,034,813 in 1900; 1,176,987 in 1910 and 1,206,365 in 1920.

CITIES, COUNTIES AND TOWNS IN THE STATE OF GEORGIA.

The Governor designated the National Park Bank, N. Y., as fiscal agent for the State of Georgia for a period of four years, which became effective in 1922.

TOTAL DEBT, SINK, FUNDS, & C.
 Dec. 31 '24, Dec. 31 '25.
 Tot. bd. debt \$11,612,000 \$11,330,000
 Water debt (included) 2,980,000 2,884,000
 On Dec. 31 1925 the sinking fund amounted to \$2,374,466, and on Dec. 31 1923, \$2,058,950. There was also a debt of \$2,598,500 for special assessment street impt. on Dec. 31 1925. City owns its water works, valued at \$10,123,591.

DEBT LIMITATION.—The State constitution forbids increase of city debt beyond 7% of real and personal value, except where amended by Act of 1920, whereby any city having a population of 150,000 or more can issue and sell street impt. bonds, same being direct obligations of the city, the term of said bonds not to exceed ten years. Borrowing ability within the constitutional limit Dec. 31 1925 was \$24,882,163.25.
ASSESSED VALUATION.—The city's assessed valuation (about 70% actual value) and tax rate have been as follows:

Assessed value, real est. \$262,873,394
 Assessed value, personal 92,546,081
 Total ass'd value 1925 355,459,475
 The total tax rate (per \$1,000) for 1925 was \$31.00, being made up of the State and county tax, \$16.00, and city tax proper, \$15.00.
POPULATION in 1920 (Census).
 200,616; 1910 (Census), 154,839; in 1900 (Census), 89,872; in 1890, 65,533; in 1880, 37,309.

AUGUSTA.
 Augusta is the county seat of Richmond Co. Inc. as a city Jan. 31 1798. Summerville annexed Jan. 1 1912. Pop'n 1910, 41,040; 1920, 52,648. This city suffered loss by fire on Mar. 22 1916 est. at between \$5,000,000 and \$7,000,000. V. 102, p. 1553. A proposition calling for the adoption of the commission form of government by Augusta was rejected by the voters on Nov. 7 1922 (V. 115, p. 2290).

MACON.

Incorp. 1823. Macon is the county seat of Bibb County. On April 19 1927 the city, under authority of Act No. 298 of Part 3—Title I, Laws of 1925, will vote on a new city charter providing for a city manager form of Government. City was temporarily embarrassed in 1878. Entire debt converted into 6s in 1880, and these bonds were all paid off in 1910. In July 1924 the New York State Banking Department ruled that Macon bonds are legal investments for savings banks in New York State.

EXEMPTIONS IN DETERMINING DEBT LIMITATION.—City Light Plant bonds and Special Improvement bonds based on certificates or liens for the cost of such improvements are excluded in determining the bonded indebtedness which a city may incur whether the limitation be the 10% restriction provided by general law or that imposed by special charters. Special improvement bonds based on certificates or liens for the cost of such improvements are general obligations of the issuing municipality (Section 11, Chapter 9298, Laws of 1923).

Counties.—Title IX, Section 786 (First Division), Revised Statutes 1906, states that counties may issue bonds for highways, buildings and for funding purposes, provided the proposition to issue such bonds is authorized by a majority of the voters. A sum sufficient to pay the interest and to raise the amount annually required as a sinking fund to pay the bonds at maturity is required.

Special Tax School Districts (Limitation 20%).—Section 17 of Article 12 of the State Constitution, as amended in 1924, provides:

"The Legislature may provide for special tax school districts to issue bonds for the exclusive use of public free schools within any such special tax school district, whenever a majority of the qualified electors thereof who are freeholders shall vote in favor of the issuance of such bonds, but no bonds shall be issued hereunder which shall exceed, together with the existing indebtedness of such special tax school district, 20% of the assessed value of the taxable property of such district according to the last assessment for State and county purposes prior to the issuing of such bonds. Any bonds issued hereunder shall become payable within thirty years from the date of issuance in annual installments which shall commence not more than three years after the date of issue. Each annual installment shall be not less than 3% of the total amount of the issue. Whenever any such special tax school district has voted in favor of the issuance of such bonds a special tax for the payment of the interest on said bonds and the principal thereof as the same shall become due and payable shall be levied on the taxable property within the district voting for their issuance in accordance with law, providing for the levy of taxes, and such tax shall not be applied to any purpose other than the payment of the principal and interest of said bonds."

SPECIAL ROAD AND BRIDGE DISTRICTS.—These districts are granted, by Chapter 10238, Laws of 1925, authority to issue time warrants, bearing 8% interest and maturing in not more than ten years from their issuance, for the purpose of completing the construction of unfinished roads and bridges when it is found that the issue of bonds originally voted to cover such construction is insufficient. The warrants may be either sold and the proceeds thereof used to pay for the completion of the road and bridges, or the warrants may be delivered in payment of such work, in which case no such warrants may be issued for more than three years from date of such bonds. The issuance of the warrants under this Act is limited to not exceeding 10% of original bond issue.

TAXATION OF MUNICIPAL BONDS.—Under Chapter 5596 Laws of 1907, relating to tax assessments and collection of revenue, "all debts due or to become due from solvent debtors, whether on account, contract, note or otherwise, all public stocks or shares in all incorporated or unincorporated companies," are taxable as personal property when held by residents.

INCOMES AND LEGACIES EXEMPTED FROM STATE TAX.—Under the provisions of an amendment to the State Constitution (Section 11, Article IX.), adopted by the voters on Nov. 4 1924 by a vote of 60,640 to 14,386, incomes and legacies are exempted from State taxation. Section 11 reads:

"No tax upon inheritances or upon the income of residents or citizens of this State shall be levied by the State of Florida, or under its authority, and there shall be exempt from taxation to the head of a family residing in this State household goods and personal effects to the value of five hundred (\$500) dollars."

SAVINGS BANK INVESTMENTS.—The provisions regulating investments by savings banks in Florida are contained in Section 4179 of the Banking and Trust Laws, 1921, which are as follows:

Investment of Funds.—The capital and deposits and the income derived therefrom shall be invested only as follows:

1. On the first mortgages of real estate situated in this State to an amount not to exceed 60% of the valuation of such real estate, but not exceeding 75% of the whole amount of deposits shall be so invested; and no loan on mortgage shall be made except upon the report of not less than two members of the board of investment, who shall certify to the value of the premises to be mortgaged, according to their best judgment, and such report shall be filed and preserved with the records of the corporation.

2. In the public funds of the United States, or bonds of any of the United States, or in the bonds or notes of any city, county or town of the United States whose actual indebtedness does not exceed 5% of the last preceding valuation of the property therein for the assessment of taxes, or in the notes of any citizen of this State with a pledge of any of the aforesaid securities at no more than the par value thereof.

3. In the first mortgage bonds of any railroad company incorporated under authority of any of the United States, and whose road is located wholly in the same, and which is in possession of and operating its own road, and has earned and paid regular dividends for the two years next preceding such investment. Or in the first mortgage bonds guaranteed by any such railroad company or any railroad company so incorporated whose road is thus located; or in the bonds or notes of any railroad company incorporated under the laws of this State, which is unencumbered by mortgage, and which has paid a dividend of not less than 5% per annum for the two years next preceding such investment; or in the notes of any citizen of this State, with a pledge as collateral of any of the aforesaid securities at no more than 80% of the par value thereof.

4. In the stock of any bank incorporated under the authority of this State, or the stock of any banking association incorporated under the authority of the United States, or in the notes of any citizen of this State with a pledge as collateral of any of the aforesaid securities at no more than 80% of the market value and not exceeding the par value thereof.

Savings banks may deposit sums not exceeding 30% of the amount of their deposits on call in such banks, banking associations or in any trust company incorporated under the laws of this State or the United States, and may receive interest for the same.

5. In loans upon the personal notes of the depositors of the company, but not exceeding three-fourths of the amount of his deposit to a depositor.

1890.....	75,651,223	16,152,122	91,803,946	—

FISCAL YEAR.—Section 1032 of the Revised General Statutes, as amended in 1925, defines the fiscal year of the State as follows: "The fiscal year shall begin on the first day of July and end on the thirtieth day of June in each and every year."

DEBT LIMITATION.—State.—Section 6 of Article IX of the constitution reads: "The Legislature shall have power to provide for issuing State bonds only for the purpose of repelling invasion or suppressing insurrection, or for the purpose of redeeming or refunding bonds already issued, at a lower rate of interest." Section 10 of this article states the credit of the State shall not be pledged or loaned to any individual, company, corporation or association, nor shall the State become a joint owner or stockholder in any company, association or corporation.

Cities and Towns.—Chapter 5645, Laws of Florida, Acts of 1905, provides "that cities and towns may issue bonds for the purpose of building or repairing public buildings, or water-works of the city or town, widening or extending streets or parks, purchasing or establishing gas or electric light plants for the city or town, or for any other municipal purpose, to an amount not exceeding ten per cent (10%) of the assessed value of the real and personal property within its incorporated limits. But this limitation shall not operate to prevent the issue by any city or town of additional bonds which, with the existing bonded indebtedness, shall not exceed ten per cent (10%) of the assessed value of the real and personal property within its corporate limits. Provided, That no bonds shall be issued by any city or town until the question of issuing same shall have been decided in favor of such bond issue by an election held for that purpose in the manner now provided by law; Provided, This Act shall not apply to cities and towns which have special charters from the Legislature."

JACKSONVILLE, FLA.

Resources Forty Million Dollars

and in each such case the deposit and the book of the depositor shall be held by the company as collateral security for the payment of such loan.

6. If such deposits and income cannot be conveniently invested in the mode hereinbefore prescribed, not exceeding one-third part thereof may be invested in bonds or other personal security, payable at a time not exceeding one year, with at least two sureties, if the principal and sureties are all citizens of this State and resident therein.

7. Ten per cent of the deposits of any such corporation, but not exceeding \$25,000, may be invested in the purchase of a suitable site and the erection or preparation of a suitable building for the convenient transaction of its business.

4180. *Application for Loan, How Made.*—All applications for loans shall be made in writing to the Treasurer of the corporation, who shall keep a record thereof, showing date, name of applicant, amount asked for and the security offered, and he shall cause the same to be presented to the board of investment.

Chapter 10032, Laws of 1925, provides: "That hereafter it shall be lawful for any bank or trust company organized under the laws of this State to invest, by subscription thereto or purchase thereof, in the capital stock of any Agricultural Credit Corporation organized under the laws of this State with power and authority to make direct loans to the farmers, truckers and citrus growers of this State for agricultural and production purposes and to rediscount the same with the Federal Intermediate Credit Bank of Columbia; provided, that the subscription to or purchase of the stock of such corporation shall not exceed 10% of the capital stock of the bank or trust company or the investment be made in the stock of more than one such corporation."

Chapter 9327, Laws of 1923, authorizes banks and trust companies incorporated under the laws of Florida to invest to a limited extent in the stock of joint stock land banks chartered by Act of Congress to do business in Florida. The statute provides: "That hereafter it shall be lawful for any bank or trust company organized under the laws of this State to invest in the aggregate not exceeding ten (10) per centum of its capital stock in the capital stock of any joint stock land bank chartered to do business in this State under Act of Congress entitled 'An Act to provide capital for agricultural development, to create standard forms of investment based upon farm mortgages, to equalize rates of interest upon farm loans, to furnish a market for United States bonds, to create Government depositories and financial agents for the United States, and for other purposes.' Approved July 17 1916."

POPULATION OF STATE.—

1920	968,470	1880	269,403	1850	87,441
1910	752,619	1870	187,748	1840	54,471
1900	528,542	1860	140,424	1830	34,736
1890	391,422				

The proportion of the colored population was 47.01% in 1880, 42.58% in 1890, 43.7% in 1900, 41% in 1910 and 34.0% in 1920. In number, blacks were 40,242 in 1850, 62,677 in 1860, 91,689 in 1870, 126,690 in 1880, 166,678 in 1890, 230,730 in 1900, 308,669 in 1910 and 329,487 in 1920.

DEBT AND TAX LIMITATIONS.—A revised Constitution was adopted at the election held Nov. 11 1901 and became effective Nov. 28 1901. The instrument made radical changes in relation to debt and taxation, an outline of which was furnished in an editorial in our "State and City Supplement" of October 1901.

STATE DEBT.—Under Section 213 (Article XI) the State is prohibited from creating any new debt except to repel invasion or suppress insurrection. This prohibition, however, does not apply in the case of bonds to refund old issues or temporary loans to meet deficiencies, the latter, though, being limited to \$300,000. Section 214 limits taxation for State purposes to sixty-five one hundredths of one per cent.

Section 93 (Article IV) prohibits the State from engaging in any works of internal improvement and from lending money or its credit in aid of such work, except as authorized by the Constitution and amendments. The lending or giving of the State's money or credit to any individual, association, or corporation is also prohibited. By an amendment of 1908 the State Legislature may appropriate funds for highway and bridges. An additional amendment was adopted by the voters in 1922, so that the State, at a cost of \$10,000,000, may engage in the work of developing and improving seaports. The section, as amended, reads:

"The State shall not engage in works of internal improvement, nor lend money or its credit in aid of such, except as may be authorized by the Constitution of Alabama or amendments thereto; nor shall the State be interested in any private or corporate enterprise, or lend money or its credit to any individual, association, or corporation, except as may be expressly authorized by the Constitution of Alabama, or amendments thereto, but when authorized by laws passed by the Legislature the State may appropriate funds to be applied to the construction, repair, and maintenance of public roads, highways, and bridges in the State; and when authorized by appropriate laws passed by the Legislature, the State may at a cost of not exceeding ten million dollars, engage in the work of internal improvement, of promoting, developing, constructing, maintaining, and operating all harbors or seaports within the State or its jurisdiction, provided, that such work or improvement shall always be and remain under the management and control of the State, through its State Harbor Commission, or other governing agency. The adoption of this amendment shall not effect in any manner any other amendment to the Constitution of Alabama which may be adopted pursuant to any Act or resolution of this session of the Legislature."

An amendment to the Constitution was adopted at an election held Jan. 30 1922, providing for a bond issue of \$25,000,000 for roads. This amendment had been adopted by the voters on Feb. 16 1920, but was canceled as unconstitutional. Corrections were made in the measure, which was then submitted to a vote on Jan. 30 1922, when the final vote stood 111,524 "for" to 22,918 "against." To date \$23,000,000 of these bonds have been issued, of which \$2,200,000 have already been retired through Sinking Fund purchase. The new section, known as XX, created by this amendment, was printed in our "State & City Compendium" for Dec. 27 1924, page 202.

The sections relating to taxation of counties and municipalities are also given in Article XI, being numbered 215, 216 and 219. They are very lengthy and will be found in full in the editorial above referred to.

LIMIT OF INDEBTEDNESS.—The debt-incurring power of counties and municipalities in the new Constitution is set out in Sections 222 to 226 inclusive, forming part of Article XII.

BOND ISSUES TO BE VOTED ON.—Under Sec. 222 all bonds proposed to be issued under general laws must first be authorized by a majority vote of the qualified voters of the county, city, town, village or other political sub-division desiring to issue such securities. There are exceptions to this, however. See the Section in full in the above-mentioned editorial.

COUNTIES are limited by Section 224 to 3 1/4 per cent of the assessed valuation of property. This limitation does not affect any debt existing at the time of the adoption of the Constitution in excess of 3 1/4 per cent, either created or authorized by existing laws to be created. Such counties already indebted in excess of 3 1/4 per cent are permitted to incur an additional debt of 1 1/4 per cent of the assessed valuation. Counties are allowed to fund or refund any existing indebtedness.

Under the amendment adopted on Nov. 4 1924 Mobile County may become indebted and issue bonds for the construction or improvement of concrete or better than concrete surfaced public roads, and concrete or better than concrete public bridges in the county, and for the construction of bridges and roadway necessary to provide a public road for vehicular travel between the highlands of Mobile and Baldwin Counties, in an amount not to exceed 6 1/2% of the assessed valuation of the property situated in Mobile County. The amendment also provides that to pay the indebtedness and interest thereon the county may levy and collect an annual tax not to exceed 1/4 of 1%. It is further provided by the amendment that the bonds or tax therefor are subject to being voted on favorably by the voters of the county.

a This is the date when the Mississippi Constitutional Convention completed its labors, the Act establishing the Territorial Government of Alabama having provided that the Act was to commence and go into force when the Constitutional Convention of Mississippi had "formed a Constitution and State Government for that part of the Mississippi Territory lying west of the territory herein described."

LEGISLATURE.—Under the new Constitution the Legislature meets quadrennially on the second Tuesday in January or on such other day as may be prescribed by law. Session limited to 50 working days. The last regular session was held in 1923.

HISTORY OF DEBT.—For the early history of Alabama's State debt see "State and City Supplement" of April 1894, page 168. Under an Act of the State Legislature approved Feb. 18 1895, all bonds authorized to be exchanged under the Act approved Feb. 23 1876 were barred if not exchanged by July 1 1896. The amount thus barred was \$185,400. By another Act also approved Feb. 18 1895 and amended Feb. 16 1899, the Governor refunded the bonds issued under the Act of Feb. 23 1876 (Series "A," "B" and "C") with new securities.

BIRMINGHAM, ALA.

Southern Municipal Bonds

CITIES, TOWNS, &c., having a population of less than 6,000 are limited to 5 per cent of the assessed value of property, with an additional 3 per cent for water works, gas or electric-light plants or sewerage. This limitation does not affect any debt now authorized by law to be created or any temporary loans to be paid within one year made in anticipation of the collection of taxes, not exceeding one-fourth of the annual revenues of such city or town.

CITIES AND TOWNS of 6,000 or over inhabitants, also **GADSDEN, ENSLEY, DECATUR** and **NEW DECATUR**, are limited in their debt-making powers to 7 per cent of the assessed valuation. The following described classes of indebtedness are not to be considered in figuring the debt limit; temporary loans to be paid within one year, made in anticipation of the collection of taxes, and not exceeding one-fourth of the general revenues bonds or other obligations already issued, or which may hereafter be issued, for the purpose of acquiring, providing or constructing school houses, water-works and sewers; and obligations incurred and bonds issued for street or sidewalk improvements, where the cost of the same, in whole or in part, is to be assessed against the property abutting said improvements provided, that the proceeds of all obligations issued as herein provided, in excess of said 7 per cent, shall not be used for any purpose other than that for which said obligations were issued. The Section is not to apply to the cities of **SHEFFIELD** and **TUSCUMBIA**.

Municipalities Not to Loan Credit.—Section 94 (Article IV) provides that the Legislature shall not authorize any county, city, town, or other subdivision to lend its credit to any individual, association, or corporation, or to become a stockholder in any such corporation or association.

An amendment to Sec. 1436, Code of 1907, approved Feb. 17 1919, makes it lawful for the municipal authorities of any city or town, which may have outstanding a bonded indebtedness of any kind, to settle, adjust and refund the same, and in order to carry into effect the settlement, adjustment and refunding of such bonded indebtedness, the municipal authorities of any such corporations may issue bonds for such an amount as may be necessary to pay the indebtedness of such corporation. Bonds issued under authority of this amendment may run for a period of time not exceeding thirty years and may bear interest at a rate not exceeding 6% per annum, payable annually, or semi-annually, at a place to be designated by the municipal authorities. The Act also provides that the authorities may levy and collect a tax to pay the interest and principal of such bonds, provided that such tax shall not exceed the constitutional limitation on the rate of taxation applicable to such city or town. It is further provided that such bonds shall not be sold at less than par except upon a vote of three-fourths of the members elected to the Council or the governing body of the municipality, nor without the written assent of the Mayor filed and spread upon the minutes of the governing body.

Section 226 provides that no "city, town or village whose present indebtedness exceeds the limitation imposed by this Constitution shall be allowed to become indebted in any further amount, except as otherwise provided in this constitution until such indebtedness shall be reduced within such limit provided, however, that nothing herein contained shall prevent any municipality except the city of **GADSDEN** from issuing bonds already authorized by law; provided, further, this Section shall not apply to the cities of **SHEFFIELD** and **TUSCUMBIA**."

Districts for Specific Purposes May Be Formed by the Legislature with Power to Issue Bonds.—Under authority of an amendment to the State Constitution adopted Nov. 4 1924, "The Legislature may form or provide for the formation of districts for establishing and maintaining a drainage system; for the building and maintaining of public roads, and for building and maintaining a seawall or other protection against waves, storm or flood therein; and provide for the assessment of the whole or part of the cost of such improvements against the land in such districts to the extent of the increased value of such land by reason of the special benefits derived from such improvements, and may provide for the issuance of bonds by such district with or without an election. Provided the provisions as to road and seawall shall apply only to Mobile and Baldwin Counties."

Taxing Powers of Counties, Cities, Towns and School Districts.—At the general election on Nov. 7 1916 an amendment was adopted to Article XIX of the Constitution relating to the taxing power of the several counties and school districts in the State. The section now reads as follows:

Section 1. The several counties in the State shall have power to levy and collect a special county tax not exceeding 30 cents on each \$100 worth of taxable property in such counties in addition to that now authorized or that may hereafter be authorized for public school purposes, and in addition to that now authorized under Section 260 of Article XIV of the Constitution; provided, that the rate of such tax, the time it is to continue and the purpose thereof shall have been first submitted to the vote of the qualified electors of the county, and voted for by a majority of those voting at such election.

Section 2. The several school districts of any county in the State shall have power to levy and collect a special district tax not exceeding 30 cents on each \$100 worth of taxable property in such district for public school purposes; provided, that a school district under the meaning of this section shall include incorporated cities or towns, or any school district of which an incorporated city or town is a part, or such other school districts, now existing or hereafter formed, as may be approved by the county board of education; provided further, that the rate of such tax, the time it is to continue and the purpose thereof shall have been first submitted to the vote of the qualified electors of the district and voted for by a majority of those voting at such election; provided further, that no district tax shall be voted or collected except in such counties as are levying and collecting not less than a three-mill special county school tax.

Section 3. The funds arising from the special county school tax levied and collected by any county shall be apportioned and expended as the law may direct, and the funds arising from the special school tax levied in any district which votes the same independently of the county shall be expended for the exclusive benefit of the district, as the law may direct.

Another amendment adopted on Nov. 7 1916 provides that the city of **Selma** shall be empowered to levy and collect annually an additional tax of two-tenths of 1% upon the value of property therein as fixed for State taxation, to be applied exclusively to the maintenance of public schools therein, and levy and collect annually a further additional tax of one tenth of 1% upon the value of the property therein as fixed for State taxation, to be applied exclusively to public school buildings therein and improvements and repairs thereon, or to the payment of indebtedness contracted for the same by the city of **Selma**; provided that these taxes shall be in lieu of all other city taxes required to be levied or appropriated by the city of **Selma** for the support of schools or for school purposes.

An amendment to the Constitution authorizing 42 cities and towns in Alabama to increase their tax rates was adopted Dec. 29 1919. Under it the municipalities of **Tusculum, Sheffield, Hartsboro, Russellville, Lanett, Demopolis, Pell City, Heflin, Columbiana, Carrollton, Opelika, Fair Hope, Pine Hill, Scottsboro, Stevenson, Ashland, Brewton, Pollard, Flomston, Atmore, Inglesbrook, Tuskegee, Aliceville, Gordo, Reform, Livingston, Camden, Monroeville, Phenix and Girard, Birmingham, Bessemer, Florence, Huntsville and Selma, Anniston, Athens, Auburn, Carbondale, Jacksonville, Fairfield and LaFayette** have the power to levy and collect a tax in any one year on property situated therein, based on the assessment for State taxation for the tax year ending Sept. 30 next succeeding the levy; provided that for the purpose of paying bonds issued and outstanding an additional tax of one-half of one per centum may be levied provided further, that a majority of the qualified electors voting at an election called for the purpose may vote a special tax not to exceed one-half of one per centum in any one year for any special purpose which tax shall be, used only for the purpose for which it was levied; provided, however, that the total tax to be levied by any municipal corporations shall not exceed 1 1/4% in any one year.

By an amendment adopted in 1922 (V. 115, p. 2498), **Jasper, Cordova, Dora, Oxford, Talladega, Oltronele, Girard, Albany** and **Tuscaloosa** may levy a tax not exceeding in any one year 1% of the value of property as assessed. But it is provided that this amendment shall not affect the power of any of these corporations to levy and collect the special school taxes, which are not in excess of the 1% provided for in this amendment.

On Nov. 4 1924 four other amendments relating to tax levies were adopted. Under one of the amendments **Mobile County** may levy an additional tax for public school purposes of 1-5 of 1% in any one year of the value of the property of the county as assessed, this levy being in addition to the taxes levied and collected under Section 215 and Article XIX. of the State Constitution. By another amendment the municipalities of **Thorsby, Piedmont, Greenville, Roanoke, Greensboro, Calera, Florala, Opp, Evergreen, Fayette, Clayton and Clio** are authorized to levy a tax of not exceeding 1 1/4% in any one year on property situated therein, based on the valuation of such property as assessed for State taxation, 1/4% to be applied to the payment of bonds or indebtedness issued and outstanding at the time of the adoption of this amendment or that may be issued or incurred afterward, and 1/4% for special or special purposes. Through the same amendment **Alabama City** is granted an additional tax levy of 1/4 of 1%. It is

provided that the adoption of this amendment shall in no wise affect, limit, modify, abridge or impair the power or authority or right of any of said municipal corporations to levy and collect the special school taxes now or hereafter vested in or conferred upon them, or any of them, under the Constitution or any amendments thereto, including the power of the city of **Selma** to levy and collect the taxes for schools and school purposes vested in and conferred upon that city by an amendment adopted Nov. 7 1916. **Walker County** through another one of the amendments may levy and collect a special road tax of not exceeding \$0.50 on each \$100 worth of the taxable property in the county in addition to that now authorized for the erection, construction or maintenance of the necessary public roads, bridges or ferries and in addition to that now authorized under Section 215 of Article XI. of the Constitution. 25% of all moneys derived from property lying within the municipalities and arising from the additional tax levy shall be paid to such municipality and shall, by it, be expended for upkeep of its streets. By the other amendment **Town Creek School District No. 59, Lauderdale School District No. 23 and Moulton School District No. 28, in Lawrence County**, are authorized to levy a tax of not over five mills in any one year, in addition to all other taxes now authorized by law, for the purpose of acquiring, constructing or repairing of school buildings in such districts or paying for school buildings already built. In every one of the respective places just mentioned the levy or any part thereof before being made must have received a favorable vote of the people.

SAVINGS BANK INVESTMENTS.—The Superintendent of Banks writes us that "there is no law in Alabama regulating the way in which savings institutions of this State are permitted to invest their funds. The same is not in any manner controlled by law."

INVESTMENT OF TRUST FUNDS.—Sections 6076 and 6077 of the Code of 1907 provide as follows:

SEC. 6076.—*Trustees May Invest in State or United States Securities.*—A trustee, having moneys to invest or lend, may invest them in the purchase of the interest-bearing securities of the State, or of the United States; but for such investment his liability is governed by the general rules of the law.

SEC. 6077.—*Investment Outside the State.*—If the cestui que trust, or any of them, reside without the State, and the trustee has funds to lend or invest, the loan or investment whereof in the State of their residence is desirable, the trustee may there lend and invest them, under the authority of a decree of the Court of Chancery.

BONDS TAX-FREE.—By Section 13 of an Act approved March 31 1911, entitled "To further provide for the revenues of the State of Alabama," as amended, the following securities are exempted from taxation: "All bonds of the United States and of this State, and all county and municipal bonds issued by counties or municipalities of this State."

POPULATION OF STATE.—

1920.....	2,348,174	1880.....	1,262,505	1840.....	590,756
1910.....	2,138,093	1870.....	996,992	1830.....	309,827
1900.....	1,828,697	1860.....	964,201	1820.....	127,901
1890.....	1,513,017	1850.....	771,623		

The proportion of the colored population was 47.53% in 1880, 45.04% in 1890, 45.3% in 1900, 42.5% in 1910 and 38.3% in 1920. In number, blacks were 345,109 in 1850, 437,770 in 1860, 475,510 in 1870, 600,103 in 1880, 681,431 in 1890, 827,307 in 1900, 908,275 in 1910 and 900,852 in 1920

BIRMINGHAM.

Birmingham is in Jefferson County.
Incorp. 1871. The new State constitu-
tion, which went into effect Nov. 28
1901, provides that this city may levy
and collect a tax not to exceed ¼ of
1% in addition to the tax of ¼ of 1%
(as provided in the 1889 amendment
to the old constitution), to be applied
exclusively to the payment of interest
on bonds of this city issued prior
to Nov. 28 1901 (or which at that
time were authorized to be issued),
and for a sinking fund to pay off
said bonds at maturity. An amend-
ment allowing the city of Birming-
ham, among others, to levy an
additional ¼% for any purpose the
people may vote was voted by the
people on Dec. 29 1919—see V. 110,
p. 483, and also Debt & Tax Limita-
tions under "State of Alabama" in
this issue.

Greater Birmingham Act declared
constitutional by State Supreme
Court in 1910 (V. 90, p. 249 and
644). In 1911 Legislature author-
ized a commission form of govern-
ment for this city. V. 92, p. 1049.

INTEREST is payable on refunding bonds of 1924 at Equitable Trust Co., N. Y.; on others at office of State Treasurer and at the National Bank of Commerce in New York City.

TOTAL DEBT.—Mississippi's bonded debt on Jan. 1 1926 amounted to \$14,523,250. Jan. 1 1926 the various trust funds of the State aggregated \$2,358,286.21. These funds were moneys taken over by the State, and only the interest is paid on them. Cash on hand and in depositories Jan. 1 1926, \$2,526,439.95. The net revenues of the State amount annually to about \$9,000,000.

The constitution of the State interdicts the payment of the so-called "Union Bank" and "Planters' Bank" bonds. For readjustment movement see V. 93, p. 1803.

BOND ISSUE OF 1910—FACTS CONCERNING.—The State Supreme Court on May 29 1911 decided the suit started by former State Treasurer Edwards, who refused to pay the interest due Jan. 1 1911 on \$600,000 bonds sold in July 1910, on the ground that should the bond holders receive interest that accrued prior to the date on which they paid their purchase money, the sale would be below par. In violation of the statutes. The State Supreme Court held this view was correct. V. 92, p. 1511. Holders of the issue of 1910 were then given the privilege of exchanging their holdings for new bonds or accepting cash for the same. Of the total of \$600,000 bonds, \$336,000 were redeemed between Jan. 1 and Jan. 15 1912, while the remaining \$264,000 were exchanged for new bonds.

ASSESSED VALUATION.—The State's assessed valuation and tax rate have been as follows:

Years.	Real Estate.	Personal Property.	Railroads, Telegraphs, &c.	Total Assessed Valuation.	Tax per M.
1925	\$470,813,582	\$161,140,337	\$106,382,304	\$738,336,230	\$8.00

1899	113,579,916	48,358,640	26,337,353	188,275,909	6.50
1893	113,409,358	47,540,169	-----	160,949,527	5.00

* Real estate is assessed every two years. This accounts for the similarity of the totals for 1921 and 1922 and for previous biennial periods.

† Same as 1923.

STATE DEBT.—Section 258 of Article 14 of State Constitution adopted Nov. 1 1890, provides that the credit of the State shall not be pledged or loaned in aid of any person, association, or corporation; and the State shall not become a stockholder in any corporation or association nor assume, redeem, secure, or pay any indebtedness or pretended indebtedness alleged to be due by the State to any person, association, or corporation whatsoever, claiming the same as owners, holders, or assignees of any bond or bonds, now generally known as "Union Bank" bonds and "Planters' Bank" bonds.

The 1920 Legislature passed an Act (Chapter 112, Laws of 1920) creating the State Bond Commission, with power to issue in 20 series \$5,000,000 25-year serial coupon bonds, to bear interest at a rate not in excess of 5 1/4 %, for the purpose of erecting buildings, making permanent improvements, additions and repairs to the State University at Oxford, the A. & M. College at Starkville, the Mississippi State College for Women at Columbus, the Mississippi State Normal College at Hattiesburg, the Alcorn A. & M. College at Rodney, the State Insane Hospitals at Jackson and Meridian, the State Charity Hospitals at Jackson and Laurel, the State Tuberculosis Sanatorium at Magee, the Mississippi Industrial School at Columbus, the Deaf and Dumb Institution at Jackson, the Old and New Capitol buildings, the Governor's Mansion and the State Penitentiary. The 1922 Legislature gave this commission the additional power to issue notes of the State, to run for no more than 2 years and to bear interest at a rate not to exceed 6%, in a total amount not to exceed the difference between the appropriations made by the 1920 and 1922 Legislatures and the total estimated revenues to be received by the State during 1922 and 1923, the funds to be used to meet the appropriations made in 1920 and 1922.

At the 1924 session of the Legislature two bond issues were authorized and have since been sold. One issue, \$5,816,500 in amount, was authorized for the purpose of retiring short term notes and certain State bonds. The

other, \$2,400,000 in amount, was used to refund an issue in the same amount issued under the provisions of Chapter 108, Laws of 1918. (See details of debt above for other particulars of these bond issues.)

MUNICIPAL BORROWING POWERS.—Prior to 1920 municipal indebtedness was regulated by Chapter 147, Laws of 1914. Under this Act municipal indebtedness was restricted to 7% of the assessed valuation of taxable property, but the provision was made that, through the vote of the people, the limit might be raised to 10%. The provision was also made that bonds issued by cities of 10,000 or more inhabitants might issue bonds for the purpose of improving or paving street or sidewalks, or constructing or otherwise acquiring water works, gas, electric plants, and for the improvement, repair and extension thereof, in excess of 10%, but in no case to exceed 15% of the assessed value. These limits did not apply to bonds, the proceeds of which were invested in enterprises producing or having sufficient revenue over and above their operating expenses to pay the interest on the bonds.

In 1920, however, another Act (Chapter 206), acting as a repealer of the 1914 law was passed. This Act limits the amount of bonds that may be issued by any municipality to 15% of the assessed valuation of taxable property. The exception is made that bonds issued to pay outstanding legal obligations or for refunding outstanding bonds, or for constructing, improving, enlarging or extending any public utility owned by the municipality producing sufficient to pay expense of operation, and interest and principal on the bonds. Bonds are to bear interest at no more than 6% and are to mature annually for no more than 25 years. All bonds, except refunding, must be approved by a majority vote of the electors, but in cities of less than 12,000 inhabitants, bond issues of no more than \$30,000 may be authorized by the Mayor and aldermen without a vote, unless the people, by filing a petition signed by 20% of the qualified electors, protest against the issuance of the bonds without an election.

An Act passed by the 1914 Legislature authorizes cities of 20,000 or over operating under commission government laws to issue, outside the debt limit, not exceeding \$500,000 bonds for street improvements. An Act more general in its scope was passed in 1922 (Chapter 223). This law empowers all municipalities to issue notes, certificates of indebtedness and street intersection bonds for the purpose of paving and repairing streets and making other special improvements, such notes, certificates and bonds to be payable from special assessments and not to be chargeable against the debt limit.

An Act (Chapter 194) providing a supplemental, additional and alternative method of making local improvements in municipalities, authorizing and providing for special assessments for the cost thereof was passed at the 1924 session of the Legislature. Under the provisions of the law any municipality may issue notes, certificates, purposes of indebtedness or special improvement bonds for various local improvements, which obligations are not to be included in any limitation fixed by law upon the indebtedness of any municipality, and are to be payable from special assessments.

The local improvements which are authorized by the Act are set out in Section 2 and are as follows:

(a) Streets, highways, boulevards, avenues, squares, lanes, alleys and parks, or any part thereof may be opened, reopened, widened, graded, regraded, paved, repaved, surfaced, resurfaced, and curbs and gutters may be constructed or reconstructed therein.

(b) Sidewalks may be graded, regraded and levelled, laid, relaid, paved, repaved, surfaced or resurfaced.

(c) Water connection, sanitary sewers, storm sewers and other drains or sewers may be laid or relaid, and constructed or reconstructed, in any street, highway, boulevard, avenue, square, land, alley or park.

(d) Street lighting system, together with the cost and the expense of furnishing energy to said street lighting system (for a period not longer than ten years) or street lighting system commonly known as white ways, or other local improvement whatsoever to be constructed, reconstructed, repaired or renewed.

By Chapter 198, Laws of 1924, the corporate authorities of any municipality, whether operating under Chapter 99 of the Code of 1906, or under special charter, or under the commission government laws, which have or may hereafter have a population of more than 20,000, according to the last preceding United States Census, are authorized to issue, outside the debt limit, bonds not exceeding \$400,000 for the purchase of lands for school purposes and for the rection, maintenance, improvement, equipment, and repair of school buildings.

Legislation also enacted by the 1924 Legislature empowers municipalities and counties to issue bonds for agricultural high school purposes. Debt incurred by counties for this purpose added to other indebtedness shall not exceed 10% of the assessed valuation. Such indebtedness is excluded with reference to the limitation of any municipality.

INITIATIVE AND REFERENDUM UPHELD.—The State Supreme Court has declared that the initiative and referendum amendment to the State constitution adopted by the voters in 1914, together with eight other amendments, was properly phrased, properly submitted and ultimately adopted by the voters of the State.—V. 104, p. 1824.

ACT PASSED VALIDATING ALL MUNICIPAL BONDS, &C. REGARDLESS OF DEFECTS.—Chapter 295, Laws of 1922, approved March 14 1922, validates all bonds, notes, certificates, loan warrants, or other obligations of any county, road district, school district, municipality, drainage district, &c., which may have been sold at less than par and accrued interest, regardless of any defect or irregularity in their authorization, provided the obligations are delivered and paid for within two years from March 14 1922. The following places are not affected by this Act: Coldwater Drainage District, Quitman, Tunica, Coahoma, Hurricane Creek Drainage District, or Yalobusha District No. 2 of Calhoun County. It is further provided that this Act does not apply to bond issues whose validity was being contested at the time of the passage of the Act. The further exception is made that the Act does not validate any allowance made by public officials in the sale of bonds, or any transfer, misuse, unlawful expenditure, or illegal handling of any funds derived from the sale of bonds validated in this Act, or any warrants or other obligations issued in violation of Chapter 326 of the Laws of 1920, which prohibits the issuance of warrants, when there is not sufficient money in the particular fund from which the allowance is to be made to pay the warrants, unless petitioned for by a majority of the voters.

A similar Act (Chapter 225) to that passed by the 1922 Legislature above cited was passed at the 1924 session and validates all bonds, notes, certificates, loan warrants, or other obligations of any county, road district, school district or subdivision or district thereof of any municipality, separate school and district or drainage district, but, in this case, which have been sold or contracted to be sold at no less than par and accrued interest, exceptions, however, being made as in the case of 1922 law. Under the present enactment all bonds or other obligations must be delivered and paid for two years from April 9 1924.

BOND ISSUES FOR PERMANENT ROADS.—The 1916 Legislature passed an Act providing for the issuance of serial coupon bonds for permanent roads in an amount which will not exceed 20% of the assessed value of taxable property of said district, based on the assessment roll of the then current year.—V. 103, p. 862.

TAX EXEMPT STATE AND MUNICIPAL BONDS.—Under a State law, last amended by Chapter 183, Laws of 1918, "All State, county and municipal, levee or school bonds or other Government obligations issued after the first day of April 1906 . . . shall be exempt from taxes of any character whatever."

DRAINAGE DISTRICT BONDS EXEMPT FROM TAXATION.—During the 1908 session of the Legislature an Act was passed (Chapter 141, Laws of 1908), and approved Feb. 20 1908, providing that "In addition to the property already exempt from taxation, the bonds of the drainage districts of the State of Mississippi shall be exempt from taxes of any character whatever." V. 87, p. 1254.

STATE INCOME LAW.—At the 1924 session of the Legislature an Act, modeled after the Federal Income Tax Law, to levy an income tax on individuals, partnerships, corporations, associations, trusts and estates, for the benefit of the general fund of the State, was passed, and at the general election on Nov. 4 1924 the voters defeated by a vote of 9,865 for to 83,689 against a proposed amendment to Section 112 of the State Constitution which would have provided that "taxes also may be imposed on privileges, excises, occupations, income, legacies or inheritances, which taxes may be graduated and progressive. The State Tax Commission advises us that the proposed amendment was for the purpose of providing a classified property

tax, though there was included in it the other features noted, and that the defeat of the amendment does not affect in any way the validity of the State income tax law of 1924. The Mississippi Supreme Court has held in the case of Hattiesburg Grocery Co. vs. Robertson, 126 Miss. 34, that a State income tax is not unconstitutional, and this decision was affirmed by the U. S. Supreme Court, the case being dismissed for lack of jurisdiction.

By a four-to-two decision, the Supreme Court of Mississippi on June 1 1925 (see V. 120, p. 3023) held the State Income Tax Law, passed by the 1924 Legislature, to be constitutional and valid, reversing the decision of Judge Roger Wilson of Newton County Circuit Court announced on March 30 1925—V. 120, p. 1693. The decision was made in the cases brought on appeal from the County Court by the States Attorney-General, Rush Knox, against the Gulf, Mobile & Northern RR., a Mississippi corporation, and V. E. Stone, agent at Newton (Miss.), for the railroad, for the purpose of testing the law, both as to rights of corporations and the rights of individuals. In announcing the decision, Chief Justice Smith declared that every objection raised by the appellees to the validity of the statute had been expressly decided contrary to the appellees' contention, "either by a former decision of this Court or by a controlling decision of the Supreme Court of the United States."

SAVINGS BANK INVESTMENTS.—The Banking Department under date of Sept. 26 1917 informed us that "Mississippi has no law regulating the way in which savings institutions are permitted to invest their funds. Savings banks can invest their funds in the same manner as any other State bank, no separate law governing them."

POPULATION OF STATE.—

1920	1,790,618	1870	827,922	1830	136,621
1910	1,797,114	1860	791,305	1820	75,448

 INT. at Bank of Commerce & Trust Co., Memphis.

In September 1889 it was discovered that a number of bonds had been fraudulently issued. Part of these were subsequently recovered, but \$308,500 consols so issued (\$303,500 being consols of 1874 and \$5,000 Constitutional bonds) are still outstanding. The State considers them "null and void," and they are therefore not included in the amount outstanding above. There are also \$421,935 (estimated) fraudulently issued baby bonds outstanding.

There are, moreover, old bonds not recognized, and hence not fundable, amounting to \$3,953,000. These include New Orleans Mobile & Texas 8% bonds, endorsed, \$875,000; 8% State bonds issued to said road, \$2,500,000; 8% bonds issued to the N. O. Mobile & Chattanooga RR., \$70,000; 7.30% bonds issued to the Mississippi & Mexican Gulf Ship Canal Co., \$260,000, &c. The baby bonds in the table above were due in 1886. They were issued to fund certain obligations of charitable institutions, and only the unpaid taxes due the State prior to 1879 were pledged for their payment. A portion of this revenue, however, was diverted and an Act was passed in 1894 providing that in the discretion of the Board of Liquidation any surplus to the credit of the general fund might be used in retiring these bonds at not more than 50 cents on the dollar of their face value, including any and all overdue interest. See "Chronicle," V. 68, p. 987. There has been no litigation on the matter since the Act of 1894, under which holders of \$384,295 bonds disposed of the same to the State at an average price of 41.25 cents on the dollar. In recent years the State has not offered to make any further purchases of these bonds. V. 80, p. 1382. See V. 90, p. 1376, V. 94, p. 1263.

In 1913 the question of whether or not Louisiana bonds were legal investments for New York State savings banks was raised, the fact that the State of Louisiana had failed to take up its outstanding "baby" bonds being offered as reason for declaring them ineligible. The Attorney-General's final decision, however, was that, as these bonds were to have been paid out of only the taxes due the State but unpaid prior to 1879, and the credit of the State not being pledged for their payment, the failure to pay the principal on the bonds did not constitute such a default as would make any bonds of the State improper investments. See V. 97, p. 1227, 1367 and 1444.

ASSESSED VALUATION.—The assessments prior to the year 1917 were based upon a 50% valuation. For 1917 and subsequently the assessments have been based upon a 100% valuation. The State tax (per \$1,000) for 1917 was \$5.00. In addition to the 1917 State tax there was a special Confederate veteran pension fund tax of \$1.00 and a special road tax of 25 cents. The State tax (per \$1,000) for 1921 was \$5.25 and was the same for 1922 and 1923.

DEBT LIMITATIONS, STATE AND MUNICIPAL.—The debt-incurring powers and limitations of the State and its subdivisions are contained in Sections 2 and 12 of Article 4, Sections 16-22-23 and 24 of Article 6, Section 3 of Article 10, Section 3 of Article 16, Article 14 and Article 20 of the Constitution adopted June 18 1921. Sections 2 and 12 of Article 4 read as follows:

Section 2. The Legislature shall have no power to contract or to authorize the contracting of any debt or liability on behalf of the State; or to issue bonds or other evidence of indebtedness thereof, except for the purpose of repelling invasion or for the suppression of insurrection. Nor shall the Legislature alienate, or authorize the alienation of, the fee of the bed of any navigable stream, lake or other body of water, except for purposes of reclamation. In all cases the mineral rights on any and all property sold by the State shall be reserved, except where the owner or other person having the right to redeem may buy or redeem property sold or adjudicated to the State for taxes. This, however, shall not prevent the leasing of such lands and rights for mineral or other purposes.

Section 12. The funds, credit, property or things of value of the State or of any political corporation thereof, shall not be loaned, pledged or granted to or for any person or persons, association or corporation, public or private; nor shall the State, nor any political corporation, purchase or subscribe to the capital or stock of any corporation or association whatever, or for any private enterprise. Nor shall the State, nor any political corporation thereof, assume the liabilities of any political, municipal, parochial, private or other corporation or association whatsoever, except as otherwise provided in this Constitution; nor shall the State undertake to carry on the business of any such corporation or association, or become a part owner therein; provided, the State, through the Legislature, shall have power to grant the right of way through its public lands to any railroad or canal; and provided, police juries and municipal corporations may, in providing for destitute persons, utilize any charitable institutions within their corporate limits for the care, maintenance and asylum of such persons; and all appropriations made to such institutions for the purpose aforesaid shall be accounted for by them in the manner required of officials entrusted with public funds.

The rate of State taxation on property for all purposes, as limited by Section 3, Article 10, shall not exceed, in any one year 5 1/4 mills on the dollar of its assessed value; provided, the Legislature may by a vote of two-thirds of the members elected to each house, increase such rate to not more than 5 1/4 mills.

Subdivisions a, b, c and d of Section 14, Article 14, provide that bonds may be authorized by vote of a majority of the electors, and be issued by parishes for roads, bridges, court houses, jails, hospitals, public buildings, and other public improvements; by municipal corporations for streets, bridges, water-works, sewers, drains, lighting and power plants, artificial ice and refrigeration plants, public parks, school houses, teachers' homes, public buildings, and other public improvements, and for the purpose of reclaiming or improving lands owned by the municipality and fronting on a navigable stream; by school districts for acquiring land for buildings and playgrounds, erecting and improving school buildings and teachers' homes; by road districts and sub-road districts (the latter being added by an amendment approved in Nov. 1924) as authorized to be created by the Legislature, for the purpose of opening, constructing, improving and maintaining public roads, highways, and bridges; by sewerage districts to construct sewers and sewerage disposal works; by drainage districts to construct gravity drainage works. Subdivision (e) provides that the police juries of the various parishes, for the purpose of constructing and maintaining highways or public buildings, and the governing authorities of municipal corporations, for the purpose of paving, improving or maintaining streets or alleys and for all municipal improvements, including public parks, after making provision for the payment of all statutory and ordinary charges may fund into bonds running at a rate not to exceed 6%, which bonds shall not be sold for less than par, the avails or residue of the tax authorized by this Constitution. Subdivision (f) provides that no bonds shall be issued by any subdivision for any one of the purposes provided, which, including the existing bonded debt of such subdivision for such purpose, excepting bonds issued and secured by an acreage tax, and bonds issued under Section 14 (e) shall exceed in the aggregate 10% of the assessed valuation of the taxable property, to be ascertained by the last assessment for parish, municipal or local purposes previous to incurring such indebtedness. Among these special provisions is one ratifying Act 19 of 1906, which authorized the city of New Orleans to issue \$8,000,000 public improvement bonds, and another giving to the city power to issue \$15,000,000 bonds for the purpose of constructing a bridge across the Mississippi River.

These sections do not apply to the City of New Orleans, as to which there are special provisions (Sections 20 to 28 of Article XIV).

Section 16 of Article 6 provides that the Board of Commissioners of the Port of New Orleans may, with the approval of the Governor and State Auditor, borrow on temporary loans, payable within one year, an amount not to exceed \$500,000 at any one time outstanding and may in addition borrow money in anticipation of the collection of charges for wharfage, &c., which have been actually earned, but not yet received; with the approval of the Governor it may, for public purposes other than the payment of current expenses or funding of indebtedness incurred, or to be incurred for current expenses, borrow money and issue bonds to the amount of \$6,500,000 (these bonds have all been placed and are in the table of State debt). Section 16 further provides that no bonds shall be sold for less than par and accrued interest or bear a greater rate of interest than 6%, nor shall the total bonded indebtedness of the Board of Commissioners of the Port, for all purposes exclusive of the bonds for the construction of the Navigation Canal ever exceed the sum of \$35,000,000. Section 16 also provides that Act 244 of 1914, adopted as an amendment to the Constitution, is

State of Louisiana.

DEBT, RESOURCES, &c.

Organized as a Territory (Act Mar. 26 1804 a) ----- Oct. 1 1804
 Admitted as a State (Act Feb. 20 1811) ----- April 30 1812
 Total area of State (square miles) ----- 48,506
 State Capital ----- Baton Rouge
 Gov. (term exp. 3d Mon. May 1928) ----- O. H. Simpson
 Sec. of State (term exp. 3d Mon. May 1928) ----- J. J. Bailey
 Treasurer (term exp. 3d Mon. May 1928) ----- L. B. Baynard Jr.
 Aud. of Pub. Accts. (term exp. May '28) ----- Eugene F. Lyons
 Attorney-General (term expires May 1928) ----- Percy Saint
 A further provision for the Government of the Territory, then known as the Territory of Orleans, was made by the Act of March 2 1805, the duration of the Act of March 26 1804 having originally been confined to the period of one year from Oct. 1 1804, "and to the end of the next session of Congress which may happen thereafter."

LEGISLATURE meets biennially in even years on the second Monday in May, and sessions are limited to 60 days.

HISTORY OF DEBT.—For early history of the State debt of Louisiana see "State and City" Supplement of April 1894, pages 171 and 172.

Debt on which the State is paying interest is as follows:

Confederate Veteran Pension Bonds.
 4 1/4's '25 M-N \$500,000. Nov 1 1932
Refunding Bonds.
 4 1/4's '14 F-A \$9,622,892 Aug 1 '27-'64
 (State reserves right to call bonds at 104 and int. beginning with longest maturity.)
Penitentiary Liquid'n Notes.
 5s '17 J-J \$3,000. Jan 1 1927
Highway Bonds.
 5s '10 F-A \$4,800. Feb 1 '27-'39
 (See V. 108, p. 1312, for maturity.)
 *Louisiana Port Commis. Bds.
 5s g '09 J-J \$3,300,000
 (Not less than \$100,000 due yearly beginning July 1 1924.)

* Issued for the purpose of constructing wharves, sheds, roadways and other improvements necessary for shipping facilities in the Port of New Orleans.

* INTEREST is payable at the office of the General Manager of State Penitentiary, Baton Rouge; on the Louisiana Port Commission bonds at the Hibernia Bank & Trust Co., New Orleans; on bonds of 1922 at Baton Rouge; on all other bonds at State Treasury or at fiscal agency in New York City (Harris, Forbes & Co.).

TOTAL DEBT.—The subjoined statement shows Louisiana's total bonded debt as of April 1 1926.

Direct Obligations—
 Total bonded debt ----- \$10,540,520 00
 Total floating debt ----- 137,034 63
 Total perpetual loans to the State ----- 1,980,110 54

Total ----- \$12,667,665 17

Indirect Obligations—

Total bonds, Board of Commissioners of the Port of New Orleans ----- \$39,132,000 00

Total bonds, Chef Menteur, Hammond-New Orleans State Highway No. 2 ----- 528,000 00

Total bonds and notes of the Louisiana State Penitentiary ----- 1,070,000 00

Total ----- \$40,730,000 00

* The above bonds and notes issued by various agencies of the State of Louisiana are regarded as indirect obligations of the State, because, while payable out of special funds, they have been uttered under authority of the Constitution of the State, and the faith and credit of the State are pledged to their payment.

continued in force for the purpose of completing the construction and authorizing the maintenance and operation of the Navigation Canal, and which limits the amount of bonds to be issued for such purpose to \$25,000,000. Sub-section (c) of Section 22 of Article 6 provides that no debt shall be created, or certificates of indebtedness or bonds issued, to be paid in the future out of the proceeds realized from any State tax or license to be collected under and by virtue of this section, or imposed thereunder by the Legislature, but the said licenses and taxes shall be collected from year to year and expended for the purpose of the construction and maintenance of the system of State highways and bridges.

Section 24 of Article 6 also relates to highway construction, and reads as follows:

"Section 24. Nothing in this Constitution shall affect the bonds issued under Act No. 18 of the special session of the Legislature of 1918 for the building of the 'New Orleans-Chef Menteur' and the 'New Orleans-Hammond' highways, and said bonds thus issued in principal and interest shall be paid as provided in said Act."

Section 3 of Article 16 gives the Legislature power to authorize levee districts to issue bonds for funding taxes levied in excess of 5 mills on the dollar of the property valuations, such bonds to bear no more than 6% interest and to be sold at not less than par and interest. The Legislature of 1922 passed Act No. 38, carrying out this provision. Such bonds are to be issued only against taxes in excess of 5 mills on a dollar, which have been voted by the people.

Article 20 of the new Constitution gives authority to the General Manager of the State penitentiary, with the approval of the Governor, to issue \$1,000,000 bonds for the purpose of acquiring approximately 5,000 acres of land adjacent to Angola Plantation in the Parish of West Feliciana. Interest on these bonds must not exceed 6%.

An amendment approved on Nov. 4, 1924, affecting Secs. 2 and 3 of Article XVIII of the Constitution of 1921, provides for the payment of pensions to Confederate Veterans and their widows. Sec. 3 as amended, reads:

Section 3. (a) A tax of three-fourths of a mill on the dollar, or so much thereof as may be necessary, shall be levied upon all taxable property within the State for pensions for Confederate Veterans and their widows, and for the purpose of retiring any bonds or certificates of indebtedness or both, and the interest thereon, that may be issued by the Board of Liquidation of the State Debt for the purpose of raising funds to pay said pension quarterly. This tax shall be assessed and collected without charge.

(b) For the purpose of raising funds with which to pay said pensions quarterly the Board of Liquidation of the State Debt is hereby authorized and empowered to anticipate and borrow annually the amount of said special tax before the same is collected, and also to borrow annually, and additionally the further amount of \$500,000, and to issue bonds or certificates of indebtedness secured by the avails of the said tax levied prior to Dec. 31, 1933.

Section 2 relates to the method of paying pensions. The first issue of bonds under authority of Section 3 was made in 1926 (see details of indebtedness above).

TAXATION OF MUNICIPAL BONDS.—Section 4 of Article 10 of the Constitution, adopted June 18, 1921, provides that "obligations of the State or its political subdivisions shall be exempt from taxation."

MUNICIPAL BONDS AS SECURITY FOR POSTAL SAVINGS BANKS.—Regulations eliminating special assessment bonds as security for deposits held not to apply to bonds supported by a general tax limited in amount. See item under *Shreveport, La.*, in V. 98, p. 1179.

FIXING THE SITUS FOR TAXATION OF MORTGAGES AT THE DOMICILE OF HOLDER.—The Legislature passed an Act in 1908 which was approved July 3, 1908, whereby it is sought to prevent double taxation by making mortgage paper and other evidence of indebtedness taxable only at the situs of the owner and holder thereof. V. 87, p. 1110.

REAL ESTATE MORTGAGES, ETC.—An amendment adopted in Nov. 1908 provides for the exemption from taxation, under prescribed conditions, of loans made upon mortgages of real estate and the notes evidencing such loans and loans made by life insurance companies. V. 87, p. 1434.

SUPREME COURT DECIDES DRAINAGE BOND CASES.—The Louisiana Supreme Court on Feb. 26, 1912 and April 22, 1912 rendered decisions which are considered of great benefit to drainage and reclamation projects in this State. V. 94, p. 644, 1200 and 1519.

SAVINGS BANK INVESTMENTS.—Savings banks are empowered to invest in United States bonds and bonds of the State of Louisiana and of the various levee districts, school districts and drainage districts of Louisiana and of the parishes and of such municipal corporations of Louisiana as shall not have defaulted in the payment of interest on their bonds for five years preceding the investment.

POPULATION.—
1920.....1,798,509 | 1880.....939,946 | 1840.....352,411
1910.....1,656,388 | 1870.....726,915 | 1830.....215,739
1900.....1,381,625 | 1860.....708,002 | 1820.....152,923
1890.....1,118,587 | 1850.....517,762 | 1810.....76,559
The proportion of the colored population was 50.32% in 1890, against 51.46% in 1880, 47.2% in 1900, 43.1% in 1910 and 38.9% in 1920. In number blacks were 700,257 in 1920, 713,874 in 1910, 650,804 in 1900, 562,893 in 1890, 483,655 in 1880, 364,210 in 1870, 350,373 in 1860, 262,271 in 1850.

MANSURA.

This town is in Avoyelles Parish.
We are informed by the Mayor under date of Nov. 20 1926 that the town sold their water and light plant for \$100,000 and are endeavoring to call the bonds and retire them if the holders of the bonds will take a reasonable amount for them. If not, then the \$100,000 will be invested to retire the bonds as they mature. The town levies no millage for 1926 and has only a six-mill general alimony tax.

 Attorney-General (term expires Jan. 1929) H. W. Applegate

LEGISLATURE meets biennially in odd years on the second Monday
 in January, and sessions are limited to sixty days.

HISTORY OF DEBT.—For early history of the Arkansas State debt
 see "State and City Supplement" of April 1894, page 173.

REFUNDING.—Under the Legislative Act of 1899 the entire debt has
 been refunded by an issue of 3% 30-year bonds, denominations \$500 and
 \$1,000, except \$15,000 in bonds of 1869 and 1870, and the estimated
 interest thereon, amounting to \$24,300, which have not been presented
 for refunding. All valid 6% funding bonds were called for payment Dec. 1
 1901, those not presented up to that time being now null and void. By an
 Act of 1917 these bonds were reissued at an interest rate of 5%.

The total amount of bonds outstanding Oct. 1 1926 was \$2,947,166.67
 of which \$1,314,500 are held by the State's School Fund and \$132,666.67
 by the permanent endowment fund of the University of Arkansas. The
 total cash balance of all funds on Oct. 1 1926 was \$6,874,103.53.

TOTAL DEBT, &c.—The total bonded indebtedness of the State on
 Oct. 1 1926 was \$2,947,166.67.

5% permanent school bonds issued in 1917 & maturing in 1947--\$1,134,500 00
 5% University of Arkansas Endowment Fund bonds issued in

1917 and maturing in 1947-----132,666 67

A list of the bonds outstanding follows:

4 1/4 % bonds (Borough notes) issued in 1917 and maturing

\$50,000 year year in Sept. from 1922 to 1936-----550,000 00

6% Penitentiary Funding bonds issued in 1921 and maturing

\$22,000 each year beginning with 1926 and continuing

through 1941, except that in 1941 there will be only \$20,000

to mature-----350,000 00

4 1/4 % University Building bonds issued in 1925 and maturing

Sept. 1 1930 to 1945-----650,000 00

DEBT NOT RECOGNIZED.—The State has never recognized the

\$1,986,773 7% Levee bonds which fell due Jan. 1 1900, claiming that the

Act authorizing the issue of these bonds was never legally passed by the

Legislature, in that roll-call was not had on the bill, which is contrary to

the Constitution. A great many of these bonds, however, were used for the

purchase of State lands. The Holford funding bonds of 1870, to amount of

\$1,370,000, which fell due Jan. 1 1900, also have not been recognized by

the State. Certain railroad bonds such as the Little Rock & Fort Smith,

the Little Rock Pine Bluff & N. O., the Miss. Ouachita & Red River and

the Arkansas Central, which the State had also declined to recognize, were

taken care of in the settlement perfected by the bondholders with the Mis-

souri Pacific Ry. on its reorganization.

ASSESSED VALUATION AND TAX RATE.—

1886	85,750,633	54,152,058	139,902,691	---

DEBT LIMITATION.—The provisions of the Constitution concerning
 State, county and municipal indebtedness, are contained in Sections 1, 2
 and 9 of Article 16. This section does not prohibit the State from issuing
 interest-bearing bonds or notes, but does prohibit the issuance of interest-
 bearing evidences of indebtedness by counties or municipalities. The
 issuance of bonds by improvement districts, such as school, levee, bridge,
 drainage, road and other improvement districts is not prohibited by the
 Constitution, and the Supreme Court of the State of Arkansas, in a series
 of decisions extending over a period of 25 years, has held, without qualifi-
 cation, that the above sections of the Constitution have no application to
 bonds issued by improvement districts, and that such districts have the
 right to borrow money, issue bonds or other interest-bearing evidences of
 indebtedness. Section 27, Article 19, authorizes the organization of im-
 provement districts within the corporate limits of cities and towns. Bonds
 issued by the various improvement districts accordingly have a recognized

standing, the taxes being collected by the county and municipal officials and the proceeds paid into the treasury of the districts.

Sections 1, 2 and 9, Article 16, and Section 27, Article 19, referred to above, follow:

Section 1. Neither the State nor any city, county, town or other municipality in this State shall ever loan its credit for any purpose whatever; nor shall any county, city, town or municipality ever issue any interest-bearing evidences of indebtedness, except such bonds as may be authorized by law to provide for and secure the payment of the present existing indebtedness, and the State shall never issue any interest-bearing Treasury warrants or scrip.

Sec. 2. The General Assembly shall, from time to time, provide for the payment of all just and legal debts of the State.

Sec. 9. No county shall levy a tax to exceed $\frac{1}{2}$ of 1% for all purposes, but may levy an additional $\frac{1}{2}$ of 1% to pay indebtedness existing at the time of the ratification of this Constitution.

Section 27. Nothing in this Constitution shall be so construed as to prohibit the General Assembly from authorizing assessments on real property for local improvements in towns and cities, under such regulations as may be prescribed by law, to be based upon the consent of a majority in value of the property holders owning property adjoining the locality to be affected, but such assessments shall be ad valorem and uniform.

(At the general election Sept. 14 1914 a proposed amendment to Sec. 1 of Art. 16 was voted permitting cities and towns under certain conditions to issue bonds and other evidences of indebtedness. The State Supreme Court, however, on March 22 1915 ruled that, while the amendment received a majority of the votes cast on that particular subject, it did not receive a majority of the votes cast for State officers, and therefore failed of adoption. V. 100, p. 1185.)

(An amendment to the Constitution providing that the credit of the State might be loaned to an amount not exceeding 2% of the assessed valuation of property in the State upon the security of farm lands within the State, was defeated at the November 1918 election.)

The State Supreme Court upheld the road-building law passed by the Legislature in 1915. See "Chronicle" of May 6 1916, page 1733.

ROAD IMPROVEMENT DISTRICTS.—Act 265, Laws of 1925, authorizes Road Improvement Districts to issue bonds to refund outstanding bonds and for other purposes.

CONSTITUTIONAL AMENDMENTS ADOPTED IN OCTOBER 1924—MUNICIPALITIES MAY ISSUE INTEREST-BEARING CERTIFICATES FOR NON-INTEREST BEARING WARRANTS.—On Feb. 16 1925 the State Special Supreme Court, named for the purpose, decided that the three constitutional amendments voted on at the regular State election Oct. 7 1924 (V. 119, p. 1979) were all adopted. The decision was rendered in the case of Brickhouse vs. Hill (V. 121, p. 613). All three measures in question received favorable majorities, but did not in each case receive a majority of the vote cast at the election, and therefore were believed to have been defeated. The Court's decision is to the contrary and holds that a majority of the voters on the proposals was sufficient for adoption. One of the amendments adopted (No. 11) relates to Section 4 of Article 12 of the State Constitution, and permits cities, counties and incorporated towns, to issue interest bearing certificates or bonds for the payment of non-interest bearing warrants, and to levy in payment therefor an extra 3 mills in addition to all other authorized taxes. Enabling acts were passed (Acts 210 and 292, Laws of 1925) under authority of the amendment at the 1925 session of the legislature.

The decision in above case also gives force to an amendment passed upon in 1918 and which, according to the Attorney-General, is governed by the decision in the case of Brickhouse vs. Hill. The amendment voted on at the general election Nov. 5 1918 received a majority of those voting upon it, but not a majority of the total vote cast at the election. It affects Section 1 of Article XVI and provides that incorporated towns of 1,000 or more, and cities of the first class and second class, may issue bonds, when authorized by a vote of the qualified electors of the municipalities, for the purpose of funding or refunding existing indebtedness incurred prior to the adoption of the amendment, and for certain other purposes, and prescribes in detail the manner of and under what conditions such bonds may be issued.

TAXATION OF MUNICIPAL BONDS.—Bonds or other interest-bearing evidences of indebtedness issued by the State, or political subdivisions thereof, are subject to taxation as personal property, but only when owned or held by residents of the State.

FEDERAL FARM LOAN BONDS AUTHORIZED FOR FINANCIAL INSTITUTIONS, TRUSTEES, & C.—The 1921 General Assembly passed an Act authorizing the investment by financial institutions, trustees, & c., in bonds issued under the Federal Farm Loan Act. Sections 1 and 2 of the Act read as follows:

Section 1. That hereafter it shall be lawful for all banks, banking companies, trust companies, savings banks, building and loan associations, insurance companies, doing business in the State of Arkansas, all trustees and guardians of the estates of minors and insane persons, executors or administrators, to invest their funds in bonds issued under the Act of Congress, dated July 17 1916, entitled the "Federal Farm Loan Act," or any Act amendatory thereof.

Sec. 2. That hereafter it shall be lawful for any person, firm or corporation, now or hereafter required by law to maintain a cash deposit as public security, or in lieu thereof to file a bond of approved security in favor of the State of Arkansas, to deposit with the officer of the State of Arkansas now or hereafter designated as the custodian of such funds, in lieu of such cash deposit, an amount of bonds issued under the Act of Congress, dated July 17 1916, known as the "Federal Farm Loan Act," which, at the market value thereof, shall equal or be in excess of the amount required as such cash deposit.

Section 3 repeals all laws conflicting with this Act.

POPULATION.—The population has been as follows:

1920	1,752,204	1880	802,525	1840	97,574
1910	1,574,449	1870	484,471	1830	30,388
1900	1,311,564	1860	435,450	1820	14,255
1890	1,128,179	1850	209,897	1810	1,062

The proportion of the colored population was 26.9% in 1920, 28.1% in 1910, 28% in 1900, 27.59% in 1890 and 26.25% in 1880. In numbers, blacks were 472,220 in 1920, 442,891 in 1910, 366,856 in 1900, 311,227 in 1890, 210,666 in 1880, 122,169 in 1870, 111,259 in 1860, 47,708 in 1850.

JUDSONIA DRAINAGE DIST.

This district (P. O. Judsonia) is in White County. District in hands of receiver. Mr. Guy E. Smith, ex-Secretary of District, furnishes us this year (Dec. 1926) with the following additional information regarding the affairs of the district: "The Judsonia Drainage District is still in the hands of a receiver, and I have not yet heard of a single action being made by the receiver. No improvements have been made the past year, and the district is getting to be a wilderness, even State and county taxes are not being paid."

fund to satisfy any indebtedness legally made and undertaken; but all such taxes shall be assessed and collected separately from that levied, assessed and collected for current expenses of municipal government, and shall, when levied, specify in the Act of levying, the purpose therefor, Sec. 7, Art. XI, provides that all counties and cities bordering on the coast of the Gulf of Mexico are authorized, upon a vote of two-thirds (2-3) of the taxpayers therein, to levy such tax for construction of sea-walls breakwaters or sanitary purposes, and may create a debt for such works and issue bonds in evidence thereof. But no debt for any purpose shall ever be incurred in any manner by any city or county unless provision is made, at the time of creating the same, for levying and collecting a sufficient tax to pay the interest thereon and provide at least two per cent (2%) as a sinking fund.

A joint resolution, amending Article XVI of the Constitution of Texas, authorizing the city and county of Galveston to issue \$5,000,000 seawall bonds, passed by the 1919 Legislature, was approved by the voters at the November 1919 election.

School Districts.—Section 3 of Article VII of the constitution authorize the Legislature to provide for the formation of school districts by general or special law and the same section provides that, with the approval of a majority of the qualified tax-paying voters, such districts may levy a tax of not to exceed (as amended Nov. 2 1920) \$1.00 on the \$100 valuation, this limitation, however, not to apply to incorporated cities or towns constituting separate and independent school districts.

MUNICIPAL AND COUNTY BOND LAW.—A State law approved in 1893 has done much to widen the market for new Texas municipal loans. At present before any bond can be issued by a municipality or county it must receive the certificate of the Attorney-General that it is a lawful obligation. It must then be registered in the office of the State Comptroller, and when the bond is so issued its validity cannot be questioned except on the grounds of fraud or forgery. The text of the law will be found in the "State and City Supplement" of April 1895, page 178.

Where the fact is known to us we have marked with a star (*) in the returns below the issues put out prior to the enactment of the above law. A law went into effect Aug. 26 1899 compelling counties and incorporated towns and cities to submit propositions for the issuance of bonds (all except "funding bonds issued or to be issued of any valid outstanding bonds of said county, town or city"; also excepting bond issues for less than \$2,000, when issued for the purpose of repairing buildings or structures for the building of which bonds are allowed to be issued) to a vote of the qualified tax-payers before the issue can be submitted to the Attorney-General for approval as required by the law of 1893. V. 69, p. 509.

The Attorney-General's Department in May 1913 rendered opinions holding (1) that no town of less than 1,000 inhabitants is authorized to issue bonds and (2) that road and school bonds are subject to taxation. V. 97, p. 310.

TAXATION OF MUNICIPAL BONDS.—We were advised by the Attorney-General's Department under date of Dec. 12 1911 that they find no exemption in the Constitution or statutes of this State in favor of bonds or notes or other evidences of indebtedness issued by the State or any municipality.

DECISIONS AND OPINIONS.—For court decisions and opinions rendered by the Attorney-General's office from time to time affecting bonds of municipalities, counties, school districts, drainage and levee districts, see V. 87, p. 112, 1254; V. 90, p. 515, 1188 and 1313; V. 91, p. 1788; V. 92, p. 406; V. 93, p. 1413; V. 94, p. 503, 719, 1520, 1578; V. 97, p. 310; V. 103, p. 863; V. 103, p. 2445; V. 109, p. 2374; V. 110, p. 783, and V. 114, p. 1685.

SAVINGS BANK INVESTMENTS.—Under date of Sept. 24 1917 the Department of Insurance and Banking wrote us in part as follows concerning the law regulating the investment of funds of savings institutions in Texas:

"While we have a law providing for savings banks in this State there have been no banks organized and operating under this law. We do, however, have a number of State banks that have established what is known as savings departments which they operate in connection with their commercial banks. Under the savings department provision, State banks are permitted to accept savings deposits, and all funds and assets of any such savings department must be kept segregated and unmingled with the commercial business of any State bank adopting a savings department." The law regulating the investment of such savings deposits reads as follows:

"Such banks or banking and trust companies may invest not more than 85% of the total amount of such savings deposits in any of the following classes of securities, and not otherwise, to wit:

1. In bonds or interest bearing notes or obligations of the United States or of those for which the faith of the United States is pledged for the payment of principal and interest.
2. In bonds of any city, county, town or school district or other subdivision of this State, now organized or which may hereafter be organized, and which is now or may hereafter be authorized to issue bonds under the Constitution and laws of this State, which has not defaulted in the payment of any part of either principal or interest thereof, within five years previous to making such investments.
3. In bonds of the State of Texas, or of any State of the Union that has not within the last five years previous to making such investment defaulted in the payment of any part of either principal or interest thereof.
4. In the first mortgage bonds of any steam or electric railroad, the income of which is sufficient to pay all operating expenses and fixed charges, which has its domicile in the State.
5. In bonds or notes secured by first mortgage, deed of trust or other valid lien on unincumbered, improved real estate to run for a term of not longer than ten years, situated in the State, worth at least twice the amount loaned thereon, such bonds or notes to be always accompanied by a complete abstract of title to the property mortgaged and an attorney's certificate or title insurance policy in some company incorporated under the laws of this State, certifying said bonds or notes to be the first lien on the land mortgaged.

It shall be the duty of the directors of such bank or banking and trust company, as soon as practicable, to invest the moneys and funds of such savings department, by purchase or otherwise, in the securities above described.

The Bank Guaranty Law passed by the 1909 Legislature contains provisions defining the investments to be made by State banks or banking and trust companies maintaining a savings department. V. 89, p. 1364.

COMMISSIONERS' COURTS AUTHORIZED TO CREATE AND ESTABLISH IRRIGATION DISTRICTS.—Chapter 172, General Laws, 1913, authorizes the creation and establishment of irrigation districts by the Commissioners' Court of any county throughout the State and for the issuance of bonds after the same have been passed by the District Court. See item under *Cameron County Irrigation District No. 1*, on page 1312, of the "Chronicle" for Oct. 31 1914.

POPULATION.—The population of Texas has been as follows:
1920.....4,663,228 1890.....2,235,523 1860.....604,215
1910.....3,896,542 1880.....1,591,749 1850.....212,592
1900.....3,048,710 1870.....818,579

Of the total population in 1920, 741,694 were blacks, which compares with 690,020 in 1910, 620,722 in 1900, 492,837 in 1890, 393,384 in 1880, 253,475 in 1870, 182,931 in 1860 and 58,558 in 1850. It will be observed that the proportion of the colored race has greatly diminished, the ratio for 1920 being only 15.9% and for 1910 only 17.7%, against 20.4% in 1900, 22.04% in 1890 and larger percentages in previous decades.

State of Texas.

ITS DEBT, RESOURCES, &c.

Admitted as a State (Act Mar. 1 1845).....Dec. 29 1845
Total area of State (square miles).....265,780
State Capital.....Austin
Governor (till 3d Tues. in Jan. 1929).....Dan Moody
Lieut.-Governor (term expires Jan. 1929).....Barry Miller
Sec. of State (term exp. Jan. '29) Miss Emma Grigsby Meharg
Treasurer (term expires Jan. 1929).....W. Gregory Hatcher
Comptroller (term expires Jan. 1929).....S. H. Terrell
Attorney-General (term expires 1929).....Claude Pollard

LEGISLATURE meets biennially in odd years on the 2d Tuesday in January, and sessions are limited to 60 days at \$5 per day and \$2 per day thereafter without limit.

HISTORY OF DEBT.—For early history of the State debt see "State and City Supplement" of April 1894, pages 174 and 175.

At the time of the panic in 1907 State was for a few days obliged to suspend cash payments, but merely because of its inability to secure cash from the 31 State depositories with which the State had on deposit at the time \$1,504,637.45. See V. 85, p. 1289, and V. 86, p. 240.

LOANS.—When Due. Refunding Bonds (Continued).
4s '93 J-J \$334,500. May 2 1933 3s '06 J-J \$1,647,000. July 1 1946
3s '04 J-J 288,000. Jan 1 1944 (Subject to call July 1 1911.)
(Subject to call Jan. 1909.) 3s '10 J-J \$1,353,700. --- 1950
(Subject to call after 1930.) 6s '23 J-J 50,000. Jan 1 1928

All the above bonds are held in State funds.

INTEREST is payable at the Seaboard National Bank, New York, and at the State Treasury.

TOTAL DEBT, &c.—Aug. 31 '26. Sept. 1 '24. Sept. 1 '25.
Total bonded debt. \$4,852,200 \$4,852,200 \$4,852,200

PERMANENT SCHOOL FUND.—This fund on Aug. 31 1926 contained \$72,918,763.42 in cash, State, city, county, school district and railroad bonds.

Years—	Real Estate.	Personal Property.	Total.	Tax p. 1,000

1874.....	149,793.361	94,717.197	244,510.558	5.00

Note.—In 1908 there was a large increase in the assessed valuation, due to a new law which required that property be assessed at its full value.

DEBT LIMITATION.—State.—Section 49, Article 3 of the State Constitution reads "No debt shall be created by or on behalf of the State except to supply casual deficiencies of revenue, repel invasion, suppress insurrection, defend the State in war, or pay existing debt; and the debt created to supply deficiencies in the revenue shall never exceed, in the aggregate at any one time, two hundred thousand dollars."

Section 50 of the same Article prohibits the Legislature from giving or lending, or authorizing the giving or lending of the credit of the State in aid of, or to any person, association or corporation, whether municipal or other; or to pledge the credit of the State in any manner whatsoever, for the payment of the liabilities, present or prospective, of any individual, association of individuals, municipal or other corporation.

Counties, Cities, Towns, &c.—Section 52 of Article 3 of the State Constitution states that the Legislature shall have no power to authorize any county, city, town or other political corporation or subdivision of the State to lend its credit or to grant public money or thing of value in aid of or to, any individual, association or corporation whatsoever, or to become a stockholder in such corporation, association, or company; provided, however, that under legislative provision any county, any political subdivision of a county, any number of adjoining counties, or any political subdivision of the State, or any defined district now or hereafter to be described and defined within the State, and which may or may not include towns, villages or municipal corporations, upon a vote of a two-thirds (2-3) majority of the resident property taxpayers voting thereon, in addition to all other debts, may issue bonds or otherwise lend its credit in any amount not to exceed one-fourth (¼) of the assessed valuation of the real property of such district or territory, except that the total bonded indebtedness of any city or town shall never exceed the limits imposed by other provisions of this constitution, and levy and collect such taxes to pay the interest thereon and provide a sinking fund for the redemption thereof, as the Legislature may authorize and in such manner as it may authorize the same for the following purposes: Improvement of rivers, creeks and streams to prevent overflows and to permit of navigation thereof, or irrigation thereof, or in aid of such purposes, construction and maintenance of pools, lakes, reservoirs, dams, canals and waterways for the purposes of irrigation, drainage or navigation, or in aid thereof; construction, maintenance and operation of macadamized, graveled or paved roads and turnpikes, or in aid thereof. Sec. 4 of Article XI relates to cities and towns of 5,000 or less population and as amended in Nov. 1920 limits the annual tax which may be levied by such municipalities to defray the current expenses of local government for any one year to 1¼%. Sec. 5 of Art. XI stipulates that in cities of over 5,000 inhabitants no tax for any purposes in any one year must exceed two and one-half per centum of the taxable property, and provides that no debt shall ever be created by any city or town unless at the same time provision be made to assess and collect annually a sufficient sum to pay the interest thereon and create a sinking fund for at least two per cent (2%) thereon. By Sec. 6, Art. XI, counties, cities and towns are authorized to levy taxes necessary to pay the interest and provide a sinking

AUSTIN.

This is the capitol of the State and
 the county seat of Travis County.
 First incorp. Dec. 27 1839. On
 Dec. 29 1908 a new charter was favor-
 ably voted providing for a commis-
 sion form of government. City
 manager form of government ratified
 by voters, see V. 119, p. 836. Char-
 ter amendment for commission form
 of government upheld in District
 Court (V. 120, p. 109).

The Austin dam, water-works, elec-
 tric light and power houses, for the
 building of which bonds were issued,
 were destroyed by the disastrous
 flood that visited Texas in April 1900
 (V. 70, p. 755), but a new, larger and
 better dam has now been completed
 at a cost to the city of \$1,720,000.
 An adjustment of the old debt on
 the basis of new bonds bearing 3%
 for 5 years, 4% for the next 10 years
 and 5% for the final 15 years was
 reached between the city and the
 bondholders' committee in August
 1901. For details see V. 73, p. 459.
 All these bonds have been refunded.

Incinerator Bonds.

 Pop'n 1910, 29,860; 1920 34,876
 s INT. at Irving Nat. Bank, N. Y.

Under the terms of an ordinance
 passed by the City Council and rat-
 ified by popular vote, an agreement
 was authorized between the City
 Water Power Co. and the City of
 Austin, dated Sept. 22 1911, under
 which the entire property of the water
 company will be owned by the city
 upon the completion of the required
 payment of \$64,800 per annum for 25
 years and \$100,000 cash upon the
 completion of the new dam. The
 annual payment mentioned above is
 made one-half every six months di-
 rectly to the trustee (New York Trust
 Co.), which pays the interest and re-
 deems bonds therefrom. The pay-
 ments by the city are derived from
 the gross income of the city's water,
 light and power department, and the
 city is required by the ordinance to
 maintain water, light and power rates
 sufficient and adequate to pay the in-
 stallments as they mature. The
 gross earnings of the water company
 in 1914 were \$324,940.24 and the
 operating expenses \$118,324.07.

DALLAS.
 This is the county seat of Dallas County. Incorp. Feb. 2 1856. Recall provision of city charter sustained by courts. V. 93, p. 63; V. 94, p. 862. Amendments to city charter approved by voters in April 1916, upheld by Fifth Court of Civil Appeals. V. 104, p. 1824. On April 3 1923 the charter amendment which increases from \$14,000,000 to \$25,000,000 the limit placed upon the bonded indebtedness of the city, was approved by the voters. Sunset Hill and Rosemont Crest annexed in 1915, and in 1923 Trinity Heights.

GALVESTON.
Galveston, the leading seaport of
Texas, is the county seat of Galveston
County, and was Inc. in March 1839.
It is the Eastern terminus of both the

Atchafalpa and Southern Pacific trans-
continental railway systems. At a
cost of over \$5,000,000 the grade of
the city has been raised and the beach
front has been protected by a sea-
wall and breakwater twenty-one feet
above sea level; the seawall has
proven its efficiency.

a All held in sinking fund.

* Optional after 20 years.
The first installment of these
bonds was issued Jan. 1 1892, payable
Jan. 1 1932, and the second lot
was issued at various dates to Feb.
25 1896. The bonds are also op-
tional after 20 years.

PAR VALUE OF BONDS.—The
par value of the bonds is \$1,000.
TOTAL DEBT, &c.—July 1 1926.

Total bonded debt.....\$8,565,500
Sinking funds, &c.....411,089

Net debt.....\$8,154,410
In 1902 the State of Texas, by
Legislative Act, donated its ad val-
orem taxes in Galveston County for
a period of 17 years to be applied
exclusively to the redemption and
interest payments of the city's grade
raising bonds. At the present time
there is approximately \$436,912 col-
lected in State taxes. In 1917 the
Legislature extended the operation of
this law, and again in 1925 a further
extension of 10 years was granted.

In addition to the sinking fund as
given above, the city owns \$622,200
wharf company stock. Also owns a
water-works plant valued at \$2,317,-
277.20, an electric-light plant, sewer
plant, &c. The total assets of the
city on July 1 1926 aggregated
\$14,466,549.

Sinking fund receives yearly an
amount equal to 2% of outstanding
bonds.

The city holds as a reserve fund
\$20,462.60 set aside by its charter.

PHILIPPINE ISLANDS.

Leonard Wood, Governor.
 A group of islands in the Pacific Ocean ceded to the United States as the result of the war with Spain in 1898. Manila is the capital.

President Wilson on Aug. 29 1916 approved the bill passed by the House and Senate providing for a system of self-government. V. 103, P. 863.

In the following statement we give the various details in terms of the American dollar, which is twice the value of the Filipino peso.

PORTO RICO.

One of the island possessions of the United States ceded by Spain following the war of 1898. San Juan is the capital.

The borrowing capacity of Porto Rico is governed by the Act of Congress of March 2, 1917, as amended by a subsequent Act approved February 3 1921. Instead of the Municipal Law of Porto Rico, which was approved on Aug. 22 1925, however, contains provisions in conformity with the aforementioned Acts of Congress. The bonded debt of the municipalities of Porto Rico on May 28, 1925, aggregated \$15,169,500.

INT. on bonds of 1907 and 1909 at J. & W. Seligman & Co., N. Y. City, on public improvement bonds of 1916, 1919 and 1920 at the United States Treasury or at the office of the Treasurer of Porto Rico; on all others at United States Treasury.

TAX FREE.—By Section 3 of new organic Act, bonds are exempt from all taxation by the Government of the United States, Porto Rico or any State or sub-division of the United States.

* Of this tax of \$18.43 \$2.50 is for the payment of principal and int. of

loans of 1907, '10, '16 & '22 and public improvement bonds. The balance of \$15.93 is distributed as follows: in municipalities of Class I (San Juan, Ponce, Mayaguez and Arecibo) \$10.86 turned over to the municipalities for their support and redemption of their loans; \$2.98 also turned over to them for school expenses; and \$2.09 kept by the Insular Government for general purposes. In all other municipalities, \$11.40 is for the support of the municipalities, and the redemption of their loans; \$3.15 for school expenses and \$1.38 kept by the Insular Govt. for general purposes.

Prin. and int. on the irrigation loans have been provided for by assessments levied upon property benefited by irrigation projects at the rate of \$12 per acre for the year 1921-22

United States Debt and the Congressional Acts Authorizing It.

Concluded from page 6.

The Government debt on Nov. 30 1926 was made up of (1) interest-bearing debt, \$19,137,364,639.55; of (2) debt on which interest has ceased, \$10,442,970.26; of (3) debt bearing no interest, \$241,211,690.56; making total gross debt, \$19,389,019,300.37, which, however, does not include a group of items designated in the monthly Debt Statement, as "Matured Interest Obligations, &c.," and which on Sept. 30 1926 (this being the latest monthly Debt Statement now available), aggregated \$134,531,678.49, raising the grand total of the gross debt to about \$19,520,000,000. To get at the net debt, it is necessary to deduct the net cash balance in the Treasury; this latter amounted to \$411,845,322.37 Sept. 30 1926 (which includes \$3,641,056.54—a credit item—for net excess of disbursements over receipts in September reports subsequently received), and to \$140,152,490.10 on Nov. 30 1926, without any allowance for revisions.

Consolidation of Liberty Bond Tax Exemptions.—The degree of tax exemption enjoyed by the different issues of Liberty Loan and Victory Liberty Loan bonds is given below in the remarks relating to each issue. In the Revenue Act of 1921 the various provisions appertaining to the several issues were consolidated in Section 1328 of the Act. The same provision was contained in the Revenue Act of 1924, approved by the President on June 2 1924, and constituted Section 1028 of that Act. It also forms part of the Revenue Act of 1926, approved Feb. 26 1926, constituting Sec. 1125 of such Act. The new Revenue Act, complete, was published in a special supplement to the "Financial Chronicle" of Feb. 27 1926. We give Section 1125 herewith:

SECTION 1125. That the various Acts authorizing the issues of Liberty bonds are amended and supplemented as follows:

(a) On and after January 1 1921, 4 per centum and 4½ per centum Liberty bonds shall be exempt from graduated additional income taxes, commonly known as surtaxes, and excess profits and war profits taxes, now or hereafter imposed by the United States upon the income or profits of individuals, partnerships, corporations, or associations, in respect to the interest on aggregate principal amounts thereof as follows:

Until the expiration of two years after the date of the termination of the war between the United States and the German Government, as fixed by proclamation of the President, on \$125,000 aggregate principal amount; and for three years more on \$50,000 aggregate principal amount. [The official date of the termination of the war by official proclamation was July 2 1921.—Ed.]

(b) The exemptions provided in Subdivision (a) shall be in addition to the exemptions provided in Section 7 of the Second Liberty Bond Act, and in addition to the exemption provided in Subdivision (3) of Section 1 of the Supplement to the Second Liberty Bond Act in respect to bonds issued upon conversion of 3½ per centum bonds, but shall be in lieu of the exemptions provided and free from the conditions and limitations imposed in Subdivisions (1) and (2) of Section 1 of the Supplement to Second Liberty Bond Act and in Section 2 of the Victory Liberty Loan Act.

Section 1402 of the Revenue Act of 1921 increased from \$1,000 to \$5,000 the limit placed on the amount of holdings, of any one person, of Treasury (War) Savings Certificates.

Below we analyze the Congressional Acts authorizing the incurring of indebtedness and the issues made under each:

CERTIFICATES OF INDEBTEDNESS UNDER ACT OF SEPT. 24 1917, APR. 4 1918, APR. 23 1918, MAR. 3 1919.—(Column 8.)—Sec. 6 of Act of Sept. 24 1917 provides for the issuance of certificates of indebtedness at not less than par and at such rates of interest as the Secretary of the Treasury may prescribe for the purposes of the Act and to meet public expenditures authorized by law, each certificate so issued payable at such time not exceeding one year from the date of its issue, and redeemable before maturity upon such terms and conditions, and the interest accruing thereon payable at such time or times as the Secretary of the Treasury may prescribe. The sum of such certificates outstanding was not at any one time to exceed in the aggregate \$4,000,000,000, but this was increased under the Act of April 4 1918 to \$8,000,000,000 and further increased to \$10,000,000,000 under the Act of March 3 1919.

Under the authority thus granted the Secretary has issued varying amounts of these certificates from time to time, through the Federal Reserve banks, all for short periods, the rate of interest being at first fixed at 4%, then raised to 4½%, to 4¾%, to 5%, to 5½%, to 5¾%, and finally to 6%. During 1921 the rate of interest declined and at the close of the year was down to 4¼% and 4½% and in the first six months of 1922 dropped still further to 3½%. During the second half of 1922 and the first five months of 1923 the rate increased again to 4½% but an issue put out on June 11 1923 bore only 4%. After that time and up until March 1924 all the issues were either put out at 4% or 4½%, the former rate predominating. On June 8 1924, on an offering of certificates in the amount of \$150,000,000 or thereabouts, the rate was lowered to 2¾% interest—thus bringing the rate down to the interest rates prevailing before the war. The 2¾% rate was the lowest rate paid by the Government on any war or post-war financing. Subscriptions for these certificates amounted to \$609,192,500, but only \$193,065,500 was allotted, of which \$124,608,400 represented allotments on subscriptions for which Treasury certificates maturing June 16 1924, or Treasury notes maturing June 15 1924, were tendered in payment. In September 1924 another offering was made at 2¾% interest. The offering was for \$350,000,000 or thereabouts; subscriptions amounted to \$596,145,500, of which \$391,369,500 were accepted, this including \$125,982,000 subscriptions for which Treasury notes falling due Sept. 15 1924 were tendered. On March 5 and June 8 1925, respectively, two more offerings of Treasury certificates were made. These were at 3% interest. The offering on March 5, as announced above, took the form of a combined offering of \$450,000,000 or thereabouts of 3% Treasury certificates and 4% Treasury bonds. Subscriptions for the certificates amounted to \$365,230,000, of which \$219,462,400 were allotted. Of the subscriptions received about \$271,000,000 represented cash subscriptions; payment for the remaining \$94,000,000 of subscriptions being tendered in Treasury notes and certificates of indebtedness maturing March 15 1925. The allotment made on the bonds is given above. The offering on June 8 1925 was for \$125,000,000 or thereabouts; subscriptions amounted to \$470,254,000, of which \$124,247,000 was accepted. Two further offerings were made by the Treasury Department during the latter part of 1925. On September 8 an offering of \$250,000,000 or thereabouts bearing 3½% interest, was made. Subscriptions for the certificates totaled \$568,155,500, of which \$251,936,000 were accepted. The other offering took place on December 15. It bore 3½% interest and was for \$450,000,000 or thereabouts. Subscriptions received aggregated \$876,381,000, of which \$452,879,000 were allotted. On Sept. 6 1926 an offering of \$350,000,000 or thereabouts, bearing 3½% interest, was announced. Subscriptions received amounted to \$996,660,000, of which \$378,669,500 were allotted. \$144,953,000 of the amount allotted represented subscriptions for which Treasury notes of Series B-1926, maturing Sept. 15, were tendered in payment. On Dec. 7 1926 an offering of \$200,000,000 certificates of indebtedness, bearing 3½% interest, was made. Subscriptions totaled \$992,168,500, of which \$229,264,500 were allotted. There were outstanding Nov. 30 1926 \$862,648,500 at various rates of interest.

LOANS TO BE REPLACED BY LIBERTY LOAN.—Under the Act of April 24 1917, authorizing the First Liberty Loan bonds, and again under the Act of Sept. 24 1917, authorizing the Second Liberty Loan, as well as under the Third Liberty Loan, all referred to below, the Secretary of the Treasury was authorized to issue Liberty Loan bonds to replace, at his discretion, bonds not already emitted under the following: Act of Aug. 5 1909, Section 39, Panama Canal Loan (Column 9), referred to above; Act of June 3 1916, Section 124, an Act for making further and more effectual provision for the national defense and other purposes, and providing for the expenditure of not more than \$20,000,000 for a Government nitrate manufacturing plant; Act of Sept. 7 1916, Section 13, an Act to establish a United States Shipping Board for the purpose of encouraging, developing and creating a naval auxiliary and a naval reserve and a merchant marine to meet the requirements of the commerce of the United States with its territories and possessions, and with foreign countries, to regulate carriers by water engaged in the foreign and inter-State commerce of the United States, and for other purposes; Act of March 3 1917, Section 400, "An Act to provide increased revenue to defray the expenses of the increased appropriations for the Army and Navy, and the extension of fortifications, and for other purposes." See certificates of indebtedness above, and the Public Resolution of March 4 1917, entitled: "Joint resolution to expedite the delivery of materials, equipment and munitions and to secure more expeditious construction of ships."

LIBERTY LOAN OF 1917, FIRST.—(Column 1.) Authorized by Act of April 24 1917, entitled "An Act to authorize an issue of bonds to meet expenditures for the national security and defense, and for the purpose of assisting in the prosecution of the war, to extend credit to foreign governments, and for other purposes." Under the Act the Secretary was empowered to borrow, with the approval of the President, up to \$5,000,000,000, exclusive of the sums authorized by Section 4 of the Act (see Loans to be Replaced by Liberty Loan above) to meet expenditures authorized for the national security and defense and other public purposes authorized by law and to issue therefor bonds of the United States. The bonds do not bear 3½% interest and are payable in United States gold coin of the present standard of value, and exempt both as to principal and interest, from all taxation, except estate or inheritance taxes, imposed by authority of the United States or its possessions or by any State or local taxing authority. The bonds do not bear the circulation privilege. Provision was made by Section 2 of the Act or the establishing of credits to and the purchasing of obligations of foreign governments, \$3,000,000,000, or so much thereof as might be necessary being appropriated for the purpose. Under Section 3 it was provided that payments to the United States on or before maturity by foreign governments for obligations incurred by them under Section 2 must be applied to the redemption or purchase at not more than par and accrued interest of any bonds of the United States issued under authority of the Act; and if such bonds are not available for this purpose the Secretary of the Treasury shall redeem or purchase any other outstanding interest-bearing obligations of the United States which may at such time be subject to call or which may be purchased at not more than par and accrued interest.

Section 5 provides that any series of bonds issued under authority of the Act may be convertible into bonds bearing a higher rate of interest than the rate at which the same were issued if any subsequent series of bonds shall be issued at a higher rate of interest before the termination of the war, the date of such termination to be fixed by a proclamation of the President of the United States.

Under the Act \$2,000,000,000 gold bonds, running 15-30 years and bearing 3½% interest payable semi-annually June 15 and Dec. 15 were offered for subscription, denominations of coupon bonds being \$50, \$100, \$500 and \$1,000, and registered bonds \$100, \$500, \$1,000, \$5,000, \$10,000, \$50,000 and \$100,000. Subscriptions were received from over 4,000,000 individual subscribers and aggregated \$3,036,226,850. In scaling down the allotments to the total offered, all subscriptions up to and including \$10,000 were awarded in full, but on larger amounts the allotments ranged from 60% down to 20.17%. The total of bonds issued was \$1,989,455,550, but only \$1,397,686,100 remained outstanding Nov. 30 1926 as 3½% with full tax exemption; in addition, \$5,156,800 appear as First Liberty Loan Convertible 4s; \$532,874,250 as converted 4½s and \$3,492,150 Second Liberty Loan 4½s. The total of the First Liberty Loan issues outstanding, converted and unconverted, Nov. 30 1926 was \$1,939,209,300.

LIBERTY LOAN OF 1917, SECOND.—(Column 2.)—Authorized by Act of Sept. 24 1917, entitled "An Act to authorize an additional issue of bonds to meet expenditures for the national security and defense, and for the purpose of assisting in the prosecution of the war, to extend additional credit to foreign governments, and for other purposes."

The Act in its general outlines is similar to that of April 24 1917, but authorizes the issuance of not exceeding \$7,538,945,460 bonds, bearing not exceeding 4% interest, in addition to the \$2,000,000,000 bonds issued under authority of the Act of April 24 1917. Provided, That of this sum \$3,063,945,460 shall be in lieu of that amount of the unissued bonds authorized by Sections 1 and 4 of the Act approved April 24 1917, \$225,000,000 shall be in lieu of that amount of the unissued bonds authorized by Section 39 of the Act, approved Aug. 5 1909, \$150,000,000 shall be in lieu of the unissued bonds authorized by the joint resolution approved March 4 1917, and \$100,000,000 shall be in lieu of the unissued bonds authorized by Section 400 of the Act, approved March 3 1917.

Section 2 provides for the appropriation out of any money in the Treasury not otherwise appropriated, of the sum of \$4,000,000,000, and in addition thereto the unexpended balance of the appropriations made by Section 2 (the section that authorizes loans to the Allies) of the Act approved April 24 1917 and under the same conditions.

Section 4 provides for the convertibility of the bonds into any issue thereafter made bearing a higher rate of interest. Under Section 7 it is provided that none of the bonds shall bear the circulation privilege. The bonds are exempt, both as to principal and interest, from all taxation now or hereafter imposed by the United States, any State, or any of the possessions of the United States, or by any local taxing authority, except (a) estate or inheritance taxes, and (b) graduated additional income taxes, commonly known as surtaxes, and excess profits and war profits taxes, now or hereafter imposed by the United States, upon the income or profits of individuals, partnerships, associations, or corporations. The interest on an amount of such bonds and certificates the principal of which does not exceed in the aggregate \$5,000, owned by any individual, partnership, association, or corporation, is exempt from the taxes provided for in subdivision (b) of this section.

Section 11, which relates to the conversion privilege of the first issue of Liberty Loan Bonds, states that no bonds shall be issued under authority of Sections 1 and 4 of said Act approved April 24 1917, in addition to the \$2,000,000,000 already issued or offered for subscription.

Under authority of the Act, the Secretary of the Treasury offered for subscription on Oct. 1 an issue of \$3,000,000,000 or more of 4% 10-25-Year bonds of the same denominations as the first Liberty Loan, reserving the right to allot bonds in excess of \$3,000,000,000 to the extent of not over one-half of the sum by which the subscriptions received exceeded \$3,000,000,000. Subscriptions totaled \$4,617,532,300, or \$1,617,532,300 more than the minimum sought, and on the basis of 50% of the oversubscriptions, the amount issued was \$3,807,865,000; all those up to \$50,000 were allotted in full. Total number of subscribers was approximately 9,400,000. There were outstanding on Nov. 30 1926, \$3,104,520,900, of which only \$20,846,200 were 4s, the remaining \$3,083,674,700 having been converted into 4½s.

With the issue of the Second Liberty 4s, dated Nov. 15 1917, a conversion privilege arose with respect to the First Liberty 3½s which continued until May 15 1918. The bonds issued upon conversion retained the date of maturity, the terms of redemption, and the dates of interest payment of the 3½s, but otherwise had the terms of the Second Liberty 4s. When the Third Liberty 4½s were issued on May 9 1918, the holders of the unconverted First Liberty 3½s had the privilege of conversion into the new 4½s and so did the holders of First Liberty converted 4s and of Second Liberty 4s. The privilege continued for six months or until Nov. 9 1918. The Third Liberty 4½s are non-convertible, and hence the 4½% bonds issued upon conversion of prior issues likewise are non-convertible. With the issuance of the Fourth Liberty Loan on Oct. 24 1918, a new privilege of exchange accrued to the holders of the unconverted First Liberty 3½s; this privilege remained open until April 24 1919. By Sec. 5 of the Victory Liberty Loan Act of March 3 1919, authority was conferred upon the Secretary of the Treasury to extend the privilege of converting the 4% bonds of 1932-47 of the First Liberty Loan converted and the 4% bonds of 1927-42 of the Second Liberty Loan into 4½% bonds. Accordingly, by circula-

dated Mar. 7 1919, and published in the "Chronicle" of March 15 1919, page 1021, the Secretary offered a new privilege of conversion. This privilege may be terminated at any time upon six months' public notice. The privilege does not apply to the unconverted 3½% of the First Liberty Loan.

LIBERTY LOAN OF 1918, THIRD (Column 3).—Authorized by Act of April 4 1918, amending the Act of Sept. 24 1917. Following the general lines of the Act which it amends, it authorizes the issuance of not exceeding \$12,000,000,000 bonds, bearing not exceeding 4¼% interest, in addition to the \$2,000,000,000 issued under authority of the Act of April 24 1917, but including the bonds outstanding under the Second Liberty Loan and the \$3,063,945,460 reserved for unissued bonds of earlier Acts. Section 2 increased the additional loans or credits that might be extended to the Allies from \$4,000,000,000 to \$5,500,000,000.

Section 3 provides that holders of bonds bearing interest at a higher rate than four per centum per annum, whether issued under Section 1 or upon conversion of three and one half per centum bonds issued under the Act approved April 24 1917, or upon conversion of four per centum bonds issued upon conversion of such three and one half per centum bonds, shall not be entitled to any privilege of conversion under or pursuant to this section or otherwise. Under Section 7 it is provided that none of the bonds shall bear the circulation privilege. The bonds are non-convertible and not subject to redemption before maturity, but are exempt from taxation as indicated above under Second Liberty Loan and receivable for Federal inheritance taxes.

Under authority of the Act, the Secretary of the Treasury offered for subscription on April 6 1918 \$3,000,000,000 4¼% 10-year gold bonds with coupon bonds for \$5,000 and \$10,000 and registered bonds for \$50 in addition to the same denominations as the First Liberty Loan, reserving the right to allot additional bonds to the extent of full amount of any oversubscription. Subscriptions totaled \$4,175,650,050, or \$1,175,650,050 more than the minimum sought, and all were allotted. Total number of subscribers was 18,376,815. Outstanding Nov. 30 1926, \$2,279,157,650.

LIBERTY LOAN OF 1918, FOURTH (Column 4).—Authorized by Act of July 9 1918, amending previous Liberty Loan enactments. Section 1 increases from \$12,000,000,000 to \$20,000,000,000 the total of bonds bearing not exceeding 4¼% interest that may be issued under the various Acts. Section 2 increases the loans or credits that may be extended to the Allies from \$5,500,000,000 to \$7,000,000,000, in addition to the \$3,000,000,000 authorized under the First Liberty Loan Act. Section 3 provides that, with the approval of the Secretary of the Treasury, bonds, while beneficially owned by a non-resident alien individual, or by a foreign corporation, partnership or association, not engaged in business in the United States, shall be exempt both as to principal and interest from any and all taxation now or hereafter imposed by the United States, any State, or any of the possessions of the United States, or by any local taxing authority.

Under authority of the Act the Secretary of the Treasury offered for subscription on Sept. 28 \$6,000,000,000 4¼% 15-20-year (optional) gold bonds of the same denomination as those of the Third Loan, reserving the right to allot additional bonds to the extent of full amount of any oversubscription. Subscriptions totaled \$6,964,581,100, or \$964,581,100 more than the minimum sought, and all were allotted. Total number of subscribers was approximately 21,000,000. The bonds, like all other Liberty Loan issues, are not available for bank note circulation.

Supplementary to the passage of the above authorizing Act, there was passed and signed by the President on Sept. 24 1918 a bill designed to stimulate sales of Liberty Bonds by exempting from the supertaxes and from war excess profits taxes interest on a certain amount of Liberty bond holdings. The principal provisions of the bill are:

(1) The interest on an amount of bonds of the Fourth Liberty Loan, the principal of which does not exceed \$30,000, owned by any individual partnership, association, or corporation, shall be exempt from graduated additional income taxes, commonly known as surtaxes, and excess profits and war-profits taxes, now or hereafter imposed, upon the income or profits of individuals, partnerships, associations, or corporations.

(2) The interest received after Jan. 1 1918 on an amount of bonds of the First Liberty Loan converted, dated either Nov. 15 1917 or May 9 1918, the Second Liberty Loan, converted and unconverted, and the Third Liberty Loan, the principal of which does not exceed \$45,000 in the aggregate, owned by any individual, partnership, association, or corporation, shall be exempt from such taxes: *Provided, however,* That no owner of such bonds shall be entitled to such exemption in respect to the interest on an aggregate amount of such bonds exceeding 1½ times the principal amount of bonds of the Fourth Liberty Loan originally subscribed for by such owner and still owned by him at the date of his tax return; and

(3) The interest on an amount of bonds, the principal of which does not exceed \$30,000, owned by any individual, partnership, association, or corporation, issued upon conversion of 3½% bonds of the First Liberty Loan in the exercise of any privilege arising as a consequence of the issue of bonds of the Fourth Liberty Loan, shall be exempt from such taxes.

The exemptions provided in this section shall be in addition to the exemption provided in Section 7 of the Second Liberty Bond Act in respect to the interest on an amount of bonds and certificates, authorized by such Act and amendments thereto, the principal of which does not exceed in the aggregate \$5,000, and in addition to all other exemptions provided in the Second Liberty Bond Act. [In the Revenue Act of 1921 and again in those of 1924 and 1926 the tax provisions of the different issues were consolidated in a single section, as noted under a separate heading in the earlier part of these remarks.—Ed.]

Sec. 2. War Savings Certificates.—That Sec. 6 of the 2d Liberty Bond Act is hereby amended by striking out the figures "\$2,000,000,000," and inserting in lieu thereof "\$4,000,000,000." Such section is further amended by striking out the words "The amount of War Savings Certificates sold to any one person at any one time shall not exceed \$100, and it shall not be lawful for any one person at any one time to hold War Savings Certificates to an aggregate amount exceeding \$1,000," and inserting in lieu thereof the words "It shall not be lawful for any one person at any one time to hold War Savings Certificates of any one series to an aggregate amount exceeding \$1,000." [The Revenue Act of 1921 raised this limit to \$5,000.—Ed.]

War Savings Certificates.—On Jan. 1 1923 the Treasury Department redeemed the War Savings Certificates of 1918. A new offering of the certificates, Series of 1923, was made, and holders of the maturing certificates were urged to exchange their holdings for the new issue. Saving certificates were completely withdrawn from sale at the close of business July 15 1924 after sales had been suspended earlier in the year in many Western and Middle Western States to permit use of funds to aid in agricultural relief. On Jan. 1 1925, the Treasury redeemed the War Savings Certificates and Treasury Savings Certificates, Series of 1920 and on Jan. 1 1926 the Series of 1921.

Amount of Fourth Liberty Loan bonds outstanding Nov 30 1926, \$6,324,465,150, bearing 4¼% interest. The amount of Savings Certificates outstanding Nov 30 1926 was \$357,746,729 55.

FIFTH OR VICTORY LIBERTY LOAN OF 1919 (Column 5).—Authorized by Act of March 3 1919, amending previous Liberty Loan enactments and the War Finance Corporation Act. Under the Act the Second Liberty Bond Act is amended by adding thereto a new section [18] which provides (a) for the issuing of notes to an amount not exceeding \$7,000,000,000 in the aggregate, at such rates of interest as the Secretary of the Treasury may prescribe and payable at such time not less than one year nor more than five years as he may prescribe, redeemable before maturity at the option of the United States; (b) the notes to be issued in one or more series as follows: "(1) Exempt, both as to principal and interest, from all taxation (except estate or inheritance taxes) now or hereafter imposed by the United States, any State, or any of the possessions of the United States, or by any local taxing authority. (2 and 3) Exempt, both as to principal and interest, from all taxation now or hereafter imposed by the United States, any State, or any of the possessions of the United States, or by any local taxing authority, except (a) estate or inheritance taxes, and (b) graduated additional income taxes commonly known as surtaxes and excess profits and war profits taxes now or hereafter imposed by the United States upon the income or profits of individuals, partnerships, associations, or corporations, except that the interest on an amount of such notes the principal of which does not exceed \$30,000 so owned, is exempted. Or, (4) Exempt, both as to principal and interest, from all taxation now or hereafter imposed by the United States, any State, or any of the possessions of the United States, or by any local taxing authority, except (a) estate or inheritance taxes, and (b) all income, excess profits and war profits taxes, now or hereafter imposed by the United States upon the income or profits of individuals, partnerships, associations or corporations."

Holders had the option of converting their holdings of notes of any series into any other series of same date of issue at par. The notes do not bear the circulating privilege. Under authority of the Act the Secretary of the Treasury on April 21 1919 invited subscriptions for \$4,500,000,000 convertible gold notes bearing 3¼% or 4¼% of the same denominations as those of the Fourth Liberty Loan. The notes bearing 3¼% to enjoy exemption as per (1) above and 2, 3 & 4 to apply to the 4¼%. The Secretary announced that allotments would be restricted to the \$4,500,000,000 offered but that applications not in excess of \$10,000 would be allotted in full. Subscriptions aggregated \$5,249,908,300, or \$749,908,300 in excess of the offering. Total number of subscribers was approximately 12,000,000. The exact amount issued was \$4,495,373,000. On Feb. 9 1922 the Victory Notes bearing 3¼% interest were called for payment on June 15 1922. A portion of the 4¼% notes, consisting of Series A, B, C, D, E and F, amounting \$702,938,100, was on July 26 1922 called for payment Dec. 15 1922, and on May 20 1923 the remainder of the issue, all bearing 4¼% and about \$800,500,000 in amount, matured and were paid off.

The Victory Liberty Loan Act, in addition to providing for the issuance of the \$4,500,000,000 notes as above, covered the following changes in the exemption privileges contained in preceding Acts:

Sec. 2. (a) That until the expiration of five years after the date of the termination of the war between the United States and the German Government, as fixed by proclamation of the President, in addition to the exemptions provided in Section 7 of the Second Liberty Bond Act in respect to the interest on an amount of bonds and certificates, authorized by such Act and amendments thereto, the principal of which does not exceed in the aggregate \$5,000, and in addition to all other exemptions provided in the Second Liberty Bond Act or the supplement to Second Liberty Bond Act, the interest received on and after Jan. 1 1919 on an amount of bonds of the First Liberty Loan converted, dated Nov. 15 1917, May 9 1918 or Oct. 24 1918, the Second Liberty Loan, converted and unconverted, the Third Liberty Loan, and the Fourth Liberty Loan, the principal of which does not exceed \$30,000 in the aggregate, owned by any individual, partnership, association, or corporation, shall be exempt from graduated additional income taxes, commonly known as surtaxes, and excess profits and war profits taxes, now or hereafter imposed by the United States upon the income or profits of individuals, partnerships, associations or corporations.

(b) In addition to the exemption provided in subdivision (a), and in addition to the other exemptions therein referred to, the interest received on and after Jan. 1 1919 on an amount of the bonds therein specified the principal of which does not exceed \$20,000 in the aggregate, owned by any individual, partnership, association, or corporation, shall be exempt from the taxes therein specified: *Provided,* That no owner of such bonds shall be entitled to such exemption in respect to the interest on an aggregate principal amount of such bonds exceeding three times the principal amount of notes of the Victory Liberty Loan originally subscribed for by such owner and still owned by him at the date of his tax return. [In the Revenue Act of 1921 the tax provisions of the different issues were consolidated in a single section, said section being reincorporated in the new Revenue Act of 1924 as Section 1028, and in the Revenue Act of 1926 as Sec. 1125 as noted under a separate heading in the earlier part of these remarks.—Ed.]

ISSUE OF TREASURY NOTES.—In 1921 the new Secretary began issuing Treasury Notes. In June 1921 he made an offer of 5¼% 3-year Treasury Notes (exempt from the normal income tax, but not from the surtaxes, the excess profits and the war profits taxes), the notes not being subject to prior redemption, and allotted \$311,191,600. On Sept. 8 1921 he made an offering of three-year notes. These notes were dated Sept. 15 and carried the same exemptions as the others, but bore only 5¼% interest. The subscriptions for the notes reached \$785,082,900 and the amount allotted was \$390,706,100. In Feb. 1922 \$601,599,500 notes at only 4¼%, maturing March 15 1925, were issued. In the following March an additional \$617,769,700 4¼% notes, to mature March 15 1926, were issued. In June 1922 another issue of Treasury Notes, Series B-1925, bearing but 4¼% interest, dated July 15 1922 and maturing Dec. 15 1925, was offered; subscriptions totaled \$335,141,300, all of which were allotted. Along with the call for redemption on Dec 15 of Series A to F of the Victory 4¼%, the Secretary announced the offering of an issue of about \$300,000,000 4¼% Treasury Notes, with provision for additional allotments up to a limited amount in exchange for the called Notes. Subscriptions totaled \$1,236,861,450. Allotments of \$486,940,100, including about \$141,500,000 exchanges, were made. An offering of \$300,000,000 Treasury Notes was made in December 1922. These notes bore 4¼% interest, were dated Dec. 15 1922, and matured June 15 1925. Amount allotted was \$469,213,200, of which about \$41,000,000 represented exchanges. In January 1923 another offering of \$300,000,000 was made. These notes bore 4¼%, were dated Jan. 15 1923 and matured Dec. 15 1927. Subscriptions amounted to \$581,550,800, of which \$366,981,500 were allotted. Another issue, bearing 4¼% interest, dated May 15 1923 and payable March 15 1927, was made in May 1923. The amount of the offering for cash was \$400,000,000 or thereabouts. Victory Notes maturing May 20 1923 were accepted in payment for the new notes. Subscriptions, including over \$286,000,000 exchanges, totaled \$1,234,570,400, while allotments were \$668,201,400. A grand total of \$1,197,481,300 Treasury notes was outstanding on Nov 30 1926.

TREASURY LONG-TERM BOND ISSUE OF 1922.—Under authority of the Act of April 24 1917, as amended, the Secretary on Oct. 9 1922, made an offering of an issue of \$500,000,000 4¼% Treasury bonds for refunding purposes. The bonds are dated Oct. 16 1922 and mature Oct. 16 1952, the Government having the option of redeeming the bonds on any interest date on or after Oct. 15 1947 on four months' notice. Cash subscriptions totaled no less than \$1,399,851,900. It was announced that all subscriptions up to \$10,000 would be allotted in full. The Secretary also reserved the right to accept additional applications where Victory Notes and Treasury certificates of indebtedness maturing Dec. 15 were tendered in payment. Total allotments, both cash and exchanges, amounted to 763,962,300. The amount outstanding Nov 30 1926 was \$763,948,300.

TREASURY LONG-TERM BOND ISSUE OF 1924.—On Dec. 3 1924 another offering of long-term bonds was made by the Secretary of Treasury. These consisted of an issue of 4% bonds in the amount of \$200,000,000 or thereabouts for cash, with the right to allot additional bonds to extent that 4¼% Treasury notes and 4% Treasury certificates of indebtedness, both maturing March 15 1925, or the Third Liberty Loan bonds, bearing 4¼% interest, were tendered in payment. Cash subscriptions closed Dec. 4 and totaled \$1,460,530,550; the amount allotted was \$224,513,500. Exchange subscriptions, closed Dec. 20 and which it was announced would be allotted in full, reached \$532,230,000. Bonds were issued under the Act of Sept. 24 1917, as amended, are dated Dec. 15 1924 and mature Dec. 15 1954, but may be redeemed on and after Dec. 15 1944 in whole or in part, at par and accrued interest, on any interest day or days, on four months' notice.

On March 5 1925 the Secretary of the Treasury offered an additional block of bonds of the same series as those offered on Dec. 3 1924. Subscriptions received for the bonds were \$382,326,400, of which \$290,154,700 were accepted. The grand total of these 4% bonds issued was \$1,047,087,500, which also was the amount outstanding Nov 30, 1926.

TREASURY LONG-TERM BOND ISSUE OF 1926.—On March 7 1926 another new long term issue of bonds was floated by the Treasury Department. The offering was for \$500,000,000 or thereabouts, for which could be tendered in part payment Treasury notes, Series A 1926, maturing March 15 1926. Total subscriptions for the issue amounted to \$647,243,900, of which \$494,898,100 were accepted. The bonds were offered at 100¼, mature March 15 1956, optional on or after March 15 1946 on four months' notice of redemption, and bear 3¼% interest. This is the lowest rate borne by any long-term bonds since the issuance of the First Liberty Loan 3½% bonds in June 1917. On Nov 30 1926 the amount of this loan outstanding was \$494,898,100, being the same as the amount issued.

Note.—Reference to the statutes governing older issues of bonds and of War Savings and Thrift Stamps will be found in the issue of the "State and City" Section for December 31 1918.

For table showing principal of the public debt of the United States from July 1 1878 to May 31 1926, see "State and City Compendium" for June 26 1926.

Bonds for Investment

We own and offer a comprehensive list of carefully selected Government, Municipal, Railroad and Public Utility Bonds which we recommend for investment. We shall be pleased to send descriptive circulars to investors on request.
